BILL

An Act to Confirm By-law No. 291, of the Village of Grimsby.

WHEREAS the Corporation of the Village of Grimsby Preamble.
has by petition represented that certain expenditures were necessarily incurred by said corporation during the years 1909, 1910, and 1911, over and above the estimates adopted by the council of said corporation, and on which the tax rates were struck, being the sums of \$5,354.83 due to the Corporation of the County of Lincoln and the sum of \$4,000.00 paid to the Cataract Power Company in settlement of an action brought by said company against the Municipal Corporation of the Village of Grimsby, and that said sums are still owing and unpaid; and that it would be unduly oppressive to the ratepayers of the said Village of Grimsby to pay these and all outstanding liabilities of the said Village of Grimsby at one time in addition to the meeting of the necessary annual expenses of the corporation, and therefore said council on 26th November, 1912, passed By-law Number 291 to provide for the issue of \$8,000.00 of debentures for the purpose of paying said debts; and by their petition the said corporation have asked that said by-law be confirmed and validated; and whereas it is expedient to grant the prayer of the said petition;

Therefore His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. By-law Number 291 of the Corporation of the Village of Grimsby, set out in Schedule "A" to this Act, being a by-law to provide for the issue of debentures of the Village of Grimsby for the sum of \$8,000.00 required by the said village, is hereby confirmed and declared legal, valid and binding upon the said Municipal Corporation of the said Village of Grimsby and the ratepayers thereof, By-law
No. 291
confirmed.

Confirma-
tion of
debentures.

2. All debentures to be issued under said by-law when so issued are hereby declared to be legal, valid and binding upon the said corporation and the ratepayers thereof, and it shall not be necessary for the purchaser of any of the said debentures to inquire into the proceedings relating to the passing of the said by-law or to the issue of such debentures.

SCHEDULE "A."

By-law No. 291 of the Village of Grimsby, being a By-law to Provide for the Issue of Debentures of the Village of Grimsby for the sum of eight thousand (\$8,000) dollars required by the said Village of Grimsby.

Whereas during the years 1909, 1910 and 1911, the Municipal Council of the Village of Grimsby allowed the amounts due in each of the said years to the Municipal Corporation of the County of Lincoln, to remain unpaid and expended the moneys levied for this purpose for the current expenditure of the Village of Grimsby;

And whereas the whole amount now due to the Corporation of the County of Lincoln and in arrears as aforesaid amounts with interest to the sum of \$5,354.83;

And whereas during the year of 1911 the Council of the Village of Grimsby did settle an action for moneys due brought by the Cataract Power Company for the sum of \$4,000;

And whereas in addition to the above mentioned sums there were other liabilities of the said Village of Grimsby outstanding for the payment of which sums the Council of the Village of Grimsby did not levy sufficient moneys;

And whereas it would be unduly oppressive to the ratepayers of the said Village of Grimsby to pay all the outstanding liabilities of the said village at one time in addition to the meeting of the necessary annual expenses of the corporation;

And whereas the council of the village deem it expedient to issue debentures for the sum of \$8,000 to provide moneys for the payment of the amounts as above mentioned;

And whereas it is desirable to issue the said debentures at one time and to make the principal of the said debt repayable by yearly sums during the period of ten years, being the currency of the said debentures, said yearly sums being of such respective amounts that the aggregate amount payable in each year for principal and interest shall be as nearly as possible equal to the amount payable in each of the other nine years of the said period as shown by Schedule "A" hereunto annexed;

And whereas the total amount required by the municipality to be raised annually by special rate for the paying of the said debt and interest as hereinafter provided is \$1,086.94;

And whereas the amount of the whole rateable property of the Village of Grimsby, according to the last revised assessment roll, is \$843,370.00;

And whereas the amount of the existing debenture debt of the said municipality, exclusive of local improvements, is \$36,527.53, of which no part, either principal or interest, is in arrears;

Now therefore the Municipal Corporation of the Village of Grimsby enacts as follows:—

1. The Municipal Corporation of the Village of Grimsby shall issue debentures of the said village to the amount of \$8,000 as aforesaid, in sums of not less than \$100 each, on the date of the confirmation of this by-law by the Legislative Assembly of the Province of Ontario, which debentures shall each be dated on the day of the issue thereof and shall be payable within ten years thereafter on the date of the issue thereof, in each of the years in the amount shown on the said Schedule "A" at Grimsby, Ontario.

BILL

An Act to confirm By-law No. 589, of the Village of Eganville.

WHEREAS the Municipal Corporation of the Village of Eganville has by petition represented that it has passed By-law No. 589 to raise \$5,000, which by-law is fully set out in Schedule "A" hereto; and whereas doubts have arisen as to the validity of the said by-law on account of same having been passed to provide for payment of overdrafts and debts due by the said village and whereas the said overdrafts and debts were incurred and contracted in connection with the building of granolithic sidewalks and other works and improvements of a permanent and necessary character; and whereas it is impossible to set out in detail the amounts incurred for each work and which created the said overdraft, and it is desirable that said by-law and the debentures issued or to be issued under same should be confirmed; and whereas the said corporation has prayed that an Act may be passed for such purpose; and whereas it is expedient to grant the prayer of the said petition; Preamble.

Therefore His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. By-law No. 589 of the Municipal Corporation of the Village of Eganville set out in Schedule "A" hereto and all debentures issued or to be issued thereunder and all assessments made or to be made and all rates levied or to be levied for payment thereof are validated and confirmed. By-law
No. 589
confirmed.

SCHEDULE "A."

BY-LAW No. 589.

A By-law to Raise the Sum of Five Thousand Dollars for the purposes hereinafter mentioned.

Whereas it is necessary to provide for the payments of the overdrafts and debts due by the Corporation of the Village of Eganville;

And whereas the council of the said village has deemed it advisable to raise by way of loan, the sum of five thousand dollars, being said overdraft and debts, and to extend the payment thereof over a period of twenty years instead of striking a rate for the year of 1915, sufficient to provide for the payment of said overdraft and debts in taxes to be collected for the said year of 1915;

And whereas for the said purpose it is necessary for the Corporation of the Village of Eganville to issue debentures for the said sum of five thousand dollars as hereinafter set forth, and to provide for the payment of the same and the interest thereon, at five per cent. per annum;

And whereas it will be necessary to raise by special rate on all the rateable property in the Municipality of the Village of Eganville for the payment of the said debt created by this by-law the sum of four hundred and one dollars and twenty-one cents (\$401.21), to be raised yearly and in each year for a period of twenty years, for paying the said sum of five thousand dollars and interest on the debentures to be issued therefor, and which said sum will be sufficient to discharge the several instalments of principal and interest as the same respectively become payable under the terms of this by-law;

And whereas the whole rateable property of the said Village of Eganville, according to the last revised assessment roll (being for the year 1914), is \$331,766.00;

And whereas the amount of the existing debenture debt of the said Village of Eganville is \$14,900.56, exclusive of local improvement debts secured by special rates and assessments and of public school debentures of \$24,729.85, of which no part of the principal or interest is in arrears;

Therefore the Council of the Corporation of the Village of Eganville enacts as follows:—

1. That for the purpose aforesaid it shall be lawful for the reeve of the said corporation, and he is hereby authorized and empowered to cause debentures of the said Corporation of the Village of Eganville to be made, executed and issued to the amount of \$5,000.00 in sums of \$401.21 each, which said sums represent and are the portions of principal and interest required to be paid annually for a period of twenty years to pay the said sum of \$5,000.00 together with the interest thereon, and such debentures shall be signed by the said reeve of the said corporation for the time being, and the treasurer for the time being of the said corporation, and such debentures shall be sealed with the corporate seal thereof.

2. That it shall be lawful for the said reeve to raise by way of loan from any person or persons, body or bodies corporate who may be willing to advance the same upon the credit of the said debentures, a sum of money not exceeding the sum of five thousand dollars aforesaid, and to cause same to be paid into the hands of the treasurer of the said corporation of the said Village of Eganville for the purposes and with the objects above recited.

3. That the said sum of four hundred and one dollars and twenty-one cents shall be raised each year during the currency of the said debt created by this by-law, and shall be levied and collected in each and every year upon all the rateable property of the said corporation of the Village of Eganville by special rate sufficient for that purpose, and in addition to all other rates during the currency of the said debentures or any of them.

4. That the debentures shall all bear the same date and shall be issued within two years after the day on which this by-law is passed, and may bear any date within such two years, and shall be payable in twenty annual instalments during the twenty years next after the time when the same are issued, and the respective amounts of principal and interest payable in each of such years shall be as follows:—

BILL

An Act respecting the City of Galt.

WHEREAS the Corporation of the City of Galt has by Preamble. Petition represented that the Water Commissioners of the City have represented to the said council that the water mains in the said city are in many cases laid along properties, the owners of which do not take water or pay anything to the revenue of the water works or the sinking funds or interest on the debentures issued by the municipality therefor, although such properties are increased in value thereby, and that in consequence thereof the general water rates are higher than they otherwise would be, and that there is now no effective way of charging any unpaid special rates against the properties benefited by mains, and have requested the council to obtain legislation to authorize the Water Commissioners to levy and collect the rate upon all properties fronting on streets, lanes and alleys along which water mains are laid, and to provide that all special rates shall be a lien on all properties served with mains and with the right of distress and sale of said lands as in the case of taxes in arrear and unpaid, and the said council request that such legislation be granted; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. Subject to Section 2 the Water Commissioners of the City of Galt shall have power by by-law to be passed by them to levy and charge a special rate upon the several lands, lots or parts of lots, whether occupied or vacant, fronting or abutting upon all streets, lanes and alleys in the said municipality upon which water mains from which the Commis-

sioners are willing to supply water are laid, which special rate shall be an annual rate according to the frontage of the said lands, lots or parts of lots, which rate shall not exceed five cents per foot for such frontage, subject to the same discount for prompt payment as shall be allowed in respect of ordinary water rates for domestic use, and may, by by-law of the Water Commissioners, be changed from time to time as the commissioners may determine; and that the said commissioners may provide an equitable mode of assessing corner lots, triangular and other irregularly shaped pieces of land or lands unfit for building purposes where the commissioners deem it inequitable to assess the full frontage thereof, or to assess at as high a rate as other land fronting on any street; provided that upon the production by the owner or occupant using water of the receipt for the payment of the sum, rate or rent chargeable for the use thereof, or such proportion of such sum or rate or rent as shall equal such special rate for the same period, the commissioners shall remit or allow to such owner or occupant the amount so paid as a payment on account of the special rate authorized by this section; and provided, also, that if the sum, rate or rent paid by the owner or occupant for the use of water, as shown by the receipt therefor, shall for the same period be greater than or equal to the said special rate, the commissioners shall remit to such owner or occupant the amount of said special rate.

Approval
of council
to by-law.

2. The By-law for the said special rate shall not be finally passed by the commissioners until it has been submitted to and received the approval of the majority of all the members of the Municipal Council of the said City at a regular meeting thereof.

Employ-
ment of

frontages.

3. The said Water Commissioners, by by-law to be passed by them, shall also have power to employ such person as they think proper to make the measurements of frontages for the purposes hereof, in cases where the frontages of the lands, lots or parts of lots have not, in the judgment of the commissioners, been properly set out in the city assessment roll, and to fix the compensation of the said person.

Time of
payment
of special
rate.

4. The said special rate shall be payable at the time or times during each year, fixed by the Water Commissioners for payment thereof, and until paid shall be a lien and charge upon the lands, tenements, lots or parts of lots against which the same are charged or assessed, and arrears of such special rates may, with interest thereon at the rate of ten per cent. per annum from the time of default in payment be collected

in the same manner and by the same officials and by the same process as arrears of taxes are collectable under the provisions of *The Assessment Act*, and all rates and rents that may be received by the City Treasurer or other officer of the said city under the above provisions shall be paid over to the said Water Commissioners. ^{Rev. BILL

An Act to confirm By-law No. 72 of the Township of Chapleau.

WHEREAS the Corporation of the Township of Chapleau has by its petition represented that on the 17th day of January, 1916, the council of the said corporation passed By-law No. 72 authorizing the issue of debentures for the sum of \$17,300, payable in twenty years next after the time that the same are issued for the purpose of paying the floating indebtedness of the said township, amounting to \$17,300, which was incurred from various causes, including loss and discount on the collection of taxes, reduction in revenue from municipal water works and over expenditure on sidewalks, streets, roads and bridges, and in building and maintenance of the town hall, fire hall and lock-up. A large portion of the said debt was contracted for works of a permanent nature; that doubts have arisen as to the power of the council to borrow money by the issue of debentures to pay the floating debt incurred for the reasons above stated or some of them and as to the validity of the said by-law and of the rates imposed thereby; that by reason of the doubts as to the validity of the said By-law No. 72, the corporation fear they will be unable to sell the debentures thereby authorized to be issued and are unable to pay off the said floating debt without levying a sufficient rate for that purpose in the year 1916, and the council of the said corporation are of the opinion that it would be inequitable and unduly oppressive upon the ratepayers to levy a rate sufficient for that purpose in one year; and whereas it is expedient to grant the prayer of the said petition; Preamble.

Therefore His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

By-law
No. 72 of
the Town-
ship of
Chapleau
confirmed.

1. By law No. 72 of the Corporation of the Township of Chapleau, set out as Schedule "A" hereto, is confirmed and declared to be legal, valid and binding upon the said corporation and the ratepayers thereof; the rates imposed by and to be levied under the said by-law for the payment of debentures issued by the said by-law and the interest thereon are also confirmed and declared to be valid and binding upon the Corporation of the Township of Chapleau and the ratepayers thereof.

Debentures
confirmed.

2. All debentures issued or to be issued or purporting to be issued under the said By-law No. 72 or any of them are confirmed and declared to be valid and binding upon the Corporation of the Township of Chapleau, and it shall not be necessary for the purchasers of such debentures to enquire into the validity of the proceedings relating to the issue of the same or to see to the application of the purchase money therefor.

SCHEDULE "A."

TOWNSHIP OF CHAPLEAU.

By-Law No. 72.

A By-law to provide for borrowing \$17,300 upon debentures to pay a floating debt of the Township of Chapleau.

Whereas the Township of Chapleau has during the years 1908 to 1914 contracted a floating debt of \$17,300.00 from various causes, including loss and discount on the collection of taxes, reduction in revenue from the municipal waterworks, and over-expenditure on sidewalks, streets, roads and bridges and in building and maintenance of the town hall, fire hall and lock-up; a large portion of the said debt being contracted for works of a permanent character;

And whereas it would be unduly oppressive upon the ratepayers to pay off the said debt out of the revenue for the current year and it is expedient to extend the payment thereof over a term of twenty years;

And whereas it will be necessary to borrow the said sum of \$17,300.00 on the credit of the corporation and to issue debentures therefor bearing interest at the rate of six per cent. per annum, which is the amount of the debt intended to be created by this by-law;

And whereas it is expedient to make the principal of the said debt repayable in yearly sums during the period of twenty years, of such amounts respectively that the aggregate amount payable for principal and interest in respect of the debt in each year, shall be as nearly as possible the same;

And whereas it will be necessary to raise annually the sum of \$1,508.29 during the period of twenty years to pay the said yearly sums of principal and interest as they become due;

And whereas the amount of the whole rateable property of the municipality, according to the last revised assessment roll is \$630,598.00;

And whereas the amount of the existing debenture debt of the corporation (exclusive of local improvement debts secured by special rates or assessments) is \$74,271.65 and no part of the principal or interest is in arrears;

Therefore the Municipal Council of the Corporation of the Township of Chapleau enacts as follows:—

1. For the purpose aforesaid there shall be borrowed on the credit of the corporation at large the sum of seventeen thousand, three hundred dollars (\$17,300.00) and debentures shall be issued therefor in sums of not less than \$100 each, bearing interest at the rate of six per centum per annum payable yearly and having coupons attached for the payment of the interest.

2. The debentures shall all bear the same date and shall be issued within two years after the day on which this by-law is passed and may bear any date within such two years and shall be payable in twenty annual instalments during the twenty years next after the time when the same are issued and the respective amounts of

principal and interest payable in each of such years shall be as follows:—

Whereas on the 26th day of October, 1891, the Council of the Corporation of the Town of Windsor passed a by-law (No. 719) granting certain privileges to the Citizens' Electric Lighting Company upon certain conditions therein specially mentioned;

And whereas the People's Electric Company of Windsor, Ontario, Limited, has represented to the council of the city (formerly town) of Windsor that the said Citizens' Electric Lighting Company has ceased to be, and that the plant, machinery, equipment and appliances thereof have severally been acquired and are now possessed by the said People's Electric Company of Windsor, Ontario, Limited, and further that the said last named company desires permission to equip, maintain, set up, erect and operate an electrical plant and system in said city for the purpose of using, selling and supplying electric energy for lighting, heating and other purposes;

Rev. Stat.
c. 192.

Therefore His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. Subject to section 2, By-law Number 819, of the Corporation of the City of Sarnia, entitled "A By-law to fix the Assessment of the 'Perfection Stove Co., Limited,' at the sum of \$25,000 for twenty years on certain conditions," finally passed on the third day of November, 1913, and as set out in Schedule "A" hereto, is hereby confirmed, and declared to be legal, valid and binding upon the said Corporation of the City of Sarnia and the ratepayers thereof and upon all parties affected thereby, notwithstanding any want of jurisdiction on the part of the said council to pass the said by-law, and notwithstanding any defect in substance or form of the said by-law or in the manner of passing the

School
taxes not
affected.

Rev. Stat.
c. 195

2. Nothing contained in the said by-law shall affect taxes for school purposes, but the whole amount of such taxes reckoned on the full assessable value of the property of the company under *The Assessment Act* shall be paid out of the aggregate rates of the corporation levied on the assessment provided for by the said by-law, and if in any year such aggregate rates so levied do not produce an amount sufficient to pay in full taxes for school purposes so reckoned, the company shall pay the deficiency.

SCHEDULE "A."

BY-LAW No. 819.

A By-law to fix the assessment of the "Perfection Stove Co., Limited" at the sum of \$25,000 for twenty years on certain conditions.

Whereas the "Perfection Stove Co., Limited" is purchasing that portion of lot number forty-four (44) in the River Range, formerly in the Indian Reserve, but now in the Town of Sarnia, in the County of Lambton, on the south side of Clifford Street, which extends from the eastern boundary of the track allowance of the Pere Marquette Railway Company to the western limit of Christina Street extended southerly;

And whereas the assessment of the said property is at present about \$1,300.00;

And whereas the said company has without bonus or other assistance from the Town of Sarnia undertaken to commence the construction of a plant for the manufacture of oil stoves, etc., upon the understanding that the property of the said company shall be partially exempt from taxation;

And whereas the said company has represented to the Town of Sarnia that save as hereinafter specified the said company, its successors and assigns will, after the completion of its plant, operate the said manufactory continuously and will employ daily at least seventy-five hands;

Now therefore the Municipal Council of the Town of Sarnia enacts as follows:—

1. That the annual assessment of all the real and personal property of the said company, held and used for the purposes of its said manufactory, and not for any other purpose, shall for all purposes whatsoever, be fixed at the sum of \$25,000.00 for a period of twenty years from and inclusive of the first day of January, 1914.

2. 3. That the said company shall not be entitled to any of the benefits in this by-law provided, until it shall have erected a manufactory on said lands, and have the same in operation, continuously employing at least seventy-five employees, such employees to be, as far as possible, residents of the Town of Sarnia.

4. The clerk of the municipality shall, at the Council Chambers in the Town Hall in the Town of Sarnia, on Saturday, the twenty-fifth day of October, 1913, at the hour of twelve o'clock noon, sum up the votes given for and against this by-law, and the mayor of the said town, if requested so to do, will on Wednesday, the twenty-second day of October, 1913, at twelve o'clock noon, at the Council

WHEREAS the Corporation of the Town of Ingersoll Preamble. by its petition has represented that Daniel Welcome Carroll, deceased, made his last will and testament, probate whereof was granted to Elizabeth Jane Carroll, his widow, and John L. Special rate. **5.** The said corporation shall levy, in addition to all other rates to be levied in each year, a special rate sufficient to pay the amount falling due annually for principal and interest in respect of the debentures authorized to be issued under this Act, to be called "The 1916 Overdraft Debenture Rate"; and it shall not be necessary to levy for or to provide any sinking fund to retire the said debentures or any of them.

Special rate. **5.** The said corporation shall levy, in addition to all other rates to be levied in each year, a special rate sufficient to pay the amount falling due annually for principal and interest in respect of the debentures authorized to be issued under this Act, to be called "The 1916 Overdraft Debenture Rate"; and it shall not be necessary to levy for or to provide any sinking fund to retire the said debentures or any of them.

SCHEDULE "A."

Memorandum of agreement made in duplicate this 20th day of October, 1915.

Between

Queen's University at Kingston, hereinafter called the "University," of the first part,

and

The School of Mining and Agriculture, hereinafter called the "School," of the second part.

Witnesseth that whereas the University was incorporated by Royal Letters Patent dated the 16th day of October, 1841, and its constitution has since been amended by Statutes of the Parliament of Canada being chapter 123 of the Statutes of 1882, chapter 103 of the Statutes of 1889, chapter 152 of the Statutes of 1906, chapter 138 of the Statutes of 1912 and chapter 141 of the Statutes of 1914;

And whereas the School is a corporation which was originally incorporated under the Statute of the Ontario Legislature entitled *An Act respecting Benevolent, Provident and other Societies*, and its incorporation has since been confirmed and its constitution amended by the Statutes of Ontario, chapter 115 of the Statutes of

1893, chapter 44 of the Statutes of 1901 and chapter 162 of the Statutes of 1909;

And whereas the two institutions are both established at the City of Kingston, in the Province of Ontario, and are conducting important educational and research work in extremely close relations but necessarily under entirely separate managements;

And whereas in the public interest and to improve efficiency and save unnecessary expense it is deemed expedient to amalgamate the institutions and to merge the School in the University on the terms hereinafter set out;

And whereas the incorporators of the School are the holders of the capital stock thereof, having the powers incident to holding such shares;

And whereas the terms of this agreement have been duly adopted by the Board of Trustees of the University and by the Board of Governors of the School, and have also been duly ratified and approved by the said shareholders of the School at a special general meeting;

And whereas it is necessary that this agreement and the said amalgamation should also be ratified and confirmed by the Parliament of Canada and by the Legislature of Ontario;

Now therefore the parties hereto hereby agree each with the other as follows, that is to say:—

1. Upon the authorization and confirmation hereof by the Parliament of Canada and by the Legislative Assembly of Ontario this agreement shall come into effect and the School shall become and be amalgamated with the University and shall form the Faculty of Applied Science of the University upon the terms hereinafter set out.

2. Each member or shareholder of the School shall thereupon cease to have any rights, privileges or obligations in respect of his share or shares of stock but shall be included in the list of benefactors of the University and shall become one of the incorporators thereof.

3. All the assets, interests, rights, credits, effects and property, real or personal, of whatever kind and wheresoever situate, belonging to the School or to which the School is or shall hereafter be or become entitled shall become vested in the University upon the date at which this agreement comes into effect, and the University shall thereupon be entitled to seek, demand, sue or otherwise proceed for the recovery of any such rights, claims, property, estate and effects of the said School, and to receive, exercise and enjoy the same, in its own name, as fully and effectually as the School might have done if this agreement had not been made.

4. Upon the same date all the liabilities of the School shall be assumed by the University, and the creditors of the School shall thereupon be and become to all intents and purposes creditors of the University, and shall have the same rights and privileges against the University as they would have had against the School if this agreement had not been made.

5. No suit, action or proceeding by or against the School shall be discontinued, abated or affected by or on account of this agreement but shall continue as if this agreement had not been made, and the University shall pay or receive like costs and shall be entitled to like benefits and incur like obligations as if the action, suit or proceeding had been brought in its own name.

6. In the general administration of the funds of the University there shall be a just and equitable distribution among the various faculties according to their educational needs and the extent of the funds available.

7.—(a) Dr. W. L. Goodwin, the present Dean of the School, shall be continued as Dean of the said Faculty of Applied Science and Professor of Chemistry in the University, at his present salary, and his standing shall date from his original appointment to the staff of the University.

(b) Professor Wm. Nicol shall be Professor of Mineralogy in the University at his present salary, and his standing shall date from his original appointment to the staff of the University.

(c) Each of the other members of the staff of the School shall be appointed to a corresponding position in the University at the salary now received, and the standing of each shall date from his appointment to the staff of the School.

8. In addition to the Trustees of the University already provided for there shall be six Trustees who shall be appointed in the first place by the Board of Governors of the School, and two of these shall retire at the end of six years, two at the end of seven years and two at the end of eight years. The vacancies occurring on retirement of the above-mentioned six Trustees shall be filled by the election of one Trustee by the Board of Trustees and one Trustee by the benefactors, and the Trustees so elected to fill the said vacancies shall each hold office for the term of three years.

9. The Trustees so appointed or elected shall upon retiring be eligible to re-election and any vacancy occurring by death or resignation of any of the said six Trustees within the period of their first appointment shall be filled by the election of a new Trustee by the surviving or remaining members of the Trustees so first appointed.

10. Of the six Trustees mentioned in clause 8 two shall be appointed by the Board of Trustees, to be members of the Finance and Estate Committee of the University for the period during which they continue to hold office as Trustees of the University.

11. Subject to the approval of the Lieutenant-Governor in Council of the Province of Ontario, the four Governors of the School now appointed by the said Lieutenant-Governor in Council under the authority of chapter 162 of the Statutes of Ontario of 1909 shall be continued as Trustees of the University in addition to the Trustees already referred to, and one of the Trustees so appointed shall retire annually in such order as may be prescribed by the Board and the Trustee so retiring shall be eligible for re-appointment by the said Lieutenant-Governor in Council.

BILL

An Act respecting the Town of Owen Sound.

WHEREAS the Corporation of the Town of Owen Sound Preamble. has by petition represented that during the year 1914 the council of the said corporation, with the object of providing work for the unemployed in said town, constructed a new road through the said town to Greenwood Cemetery, the cemetery of the said municipality, at a cost of \$3,000, and also expended the sum of \$1,000 for a cement mixer to be used in roadwork undertaken for a like object; and that the said council during the years 1914 and 1915 expended the sum of \$5,270.60 in grants to officers and men enlisted from the municipality for active service with the military forces of the British Empire, during the present war, and their wives, children and dependent relatives, and proposes to expend a further sum of \$9,729.40 for like objects; and that it would be unduly burdensome to the ratepayers of the said municipality to pay the said sums of \$3,000, \$1,000, \$5,270.60 and \$9,729.40 amounting in all to the sum of \$19,000 forthwith in addition to meeting ordinary expenses; and whereas the said corporation has by said petition further represented that by By-law No. 1693 of the said town, passed by the said council, confirmed by Chapter 64 of the Acts passed in the 5th year of the reign of His Majesty King George the Fifth, the construction of a certain concrete road on the local improvement plan was authorized and that the sum of \$12,000 was subsequently borrowed therefor on debentures as provided by By-law No. 1705 of said town, which also provided for raising annually during ten years the sum of \$1,719.48 for payment of said debt and interest, of which \$802.42 is to be levied on the lands immediately benefitted thereby and \$917.06 on all the rateable property in the municipality; that at the time of the passing of the said By-law No. 1693 it was contemplated that a uniform system of constructing highways as local improvements in the said town would be adopted, but such uniform system has not been adopted and it is deemed equitable that the whole of the moneys required

to pay the said debt, debentures and interest thereon, should be levied on all the rateable property in the said municipality as provided by By-law No. 1755 of the said town, set out as Schedule "A" hereto; and whereas the said corporation has prayed that an Act may be passed enabling the corporation to pass a by-law or by-laws, without submitting them to or obtaining the assent of the electors of said municipality, authorizing the issue of debentures not exceeding in the aggregate the sum of \$19,000 and to be payable in not more than ten years for the purpose of paying the expenditures as above mentioned and confirming and validating the said By-law No. 1755; and whereas it is expedient to grant the prayer of the said petition;

Therefore His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Authority to borrow \$19,000 for certain purposes.

1. The Corporation of the Town of Owen Sound may, without submitting the same to the electors qualified to vote on money by-laws, pass a by-law authorizing the issue of debentures for an amount not exceeding \$19,000 for the following purposes, that is to say;

Construction of road to Greenwood Cemetery	\$3,000.00
Purchase of concrete mixer	1,000.00
Money expended in 1914 and 1915 in grants to officers and men enlisted from the municipality for active service with the military forces of the British Empire during the present war, and their wives, children and dependents	5,270.60
Money to be expended in similar patriotic objects	9,729.40

and to issue debentures of the said corporation in sums of not less than \$100.00 each, the principal to be payable in ten years at the furthest from the time when such debentures are issued, and to raise and levy annually by special rate on all the rateable property in the said municipality such sum or sums as may be necessary for payment of the said debt and interest.

Purchasing debentures out of sinking fund.

2. The said corporation may purchase the said debentures out of any of its sinking funds not required for retirement of debentures until after the maturity of the debentures so purchased.

By-law 1755 confirmed.

3. By-law No. 1755 of the Town of Owen Sound intituled "A by-law respecting certain cement concrete roadways on 10th Street, Owen Sound," and set out as Schedule "A" hereto is confirmed and declared to be legal, valid and binding on the Corporation of the Town of Owen Sound and on the ratepayers thereof.

SCHEDULE "A."

BY-LAW No. 1755 OF THE TOWN OF OWEN SOUND.

A by-law respecting certain certain cement concrete roadways on Tenth Street, Owen Sound.

Whereas by By-law No. 1693 of the said Town of Owen Sound entitled "A By-law to authorize the construction of cement concrete roadways on Tenth Street West, from First Avenue West to Fourth Avenue West and on Tenth Street from First Avenue West to Third Avenue East," it was enacted that the said roadways should be constructed on the local improvement plan the said by-law being confirmed by the Legislative Assembly of the Province of Ontario;

And whereas the said work has been completed and the sum of \$12,000 borrowed therefor on debentures as provided by By-law No. 1705, "A By-law authorizing the issue of debentures for \$12,000 to pay for the construction of certain concrete roadways in the Town of Owen Sound and to provide for levying taxes for the payment thereof;"

And whereas for the payment of the said debt and interest the said By-law No. 1705 provides that there shall be raised annually during ten years, the currency of the said debentures, the sum of \$1,719.48, of which \$802.42 is to be levied on the lands immediately benefited by the said work and \$917.06 on all the rateable property in the municipality;

And whereas at the time of the passing of the said By-law No. 1693 it was contemplated that a uniform system of constructing highways as local improvements would be adopted in the said town;

And whereas such uniform system has not been adopted and it is deemed equitable that the whole of the said sum of \$12,000 should be levied on the whole rateable property of the municipality as other taxes;

The Municipal Council of the Corporation of the Town of Owen Sound therefore enacts as follows:—

1. That the whole of the said sum of \$1,719.48 to be raised annually for the payment of the said debt and debentures shall be levied and raised annually by a special rate sufficient therefor, over and above all other rates, on all the rateable property in the said municipality at the same time and in the same manner as other rates, instead of a portion thereof being levied on the lands immediately benefited as set out in said By-law No. 1705.

2. This by-law shall come into force and effect on the passing thereof by the Council and the ratification thereof by the said Legislature.

SCHEDULE "A."

Memorandum of Agreement made in duplicate this 15th day of September, A.D. 1915.

Between

The Municipal Corporation of the Town of Sudbury, hereinafter called the "Corporation," of the first part;

and

The Sudbury-Copper Cliff Suburban Electric Railway Company, hereinafter called the "Company," of the second part.

Whereas the Company is the holder of franchises permitting it to construct, maintain and operate an electric railway in the Town of Sudbury, Township of McKim and the Town of Copper Cliff, as set forth in the agreement with the respective municipalities aforesaid;

And whereas the construction of the said railway has been commenced in the Town of Sudbury, Township of McKim, and Town of Copper Cliff;

And whereas it has been represented to the said Corporation by the said Company, that the total cost of such railway from Ramsay Lake Section of the Town of Sudbury to a point near the Rex Theatre, in the Town of Copper Cliff, including rolling stock, electrical and other equipment to operate said railway, will amount to \$137,500.00;

And whereas for said purpose the Company will provide the sum of \$62,500.00 by the sale of stock, and desire to provide for the balance of \$75,000.00 by the issue of bonds of the Company;

And whereas it has been represented to the said Corporation, that owing to the financial stringency at present existing, it would be of material assistance to said Company in floating its bond issue if the same were guaranteed by said Corporation;

Now therefore the parties hereto agree to and with each other as follows:—

1. The Company agrees upon the execution of this agreement to forthwith complete, fully equip and make ready for operation the said line of railway from said point in the Town of Sudbury to the said point in the Town of Copper Cliff.

2. The Company agrees to issue and float \$75,000.00 of gold bonds, bearing interest at not more than six per cent. per annum, which bonds shall be secured by a mortgage on all the assets of the Company, including the franchises above set forth, its line of railway with road bed, rolling stock, and all equipment pertaining thereto, between the points aforesaid, within the limits of said municipalities of the Town of Sudbury, Township of McKim, and Town of Copper Cliff, which mortgage shall be a first mortgage, and the proceeds of the sale of the said bonds shall be applied in paying for the construction and equipment of the railway line aforesaid and for no other purpose.

3. The Company agrees to provide in the bonds for redemption in equalized payments or to establish a sinking fund for the redemption of the said bonds and pay annually, commencing not later than five years from the date of issue of the bonds, into some trust company approved by the Corporation, or to the Ontario Railway and Municipal Board, a sum which will be sufficient to pay off the bonds at maturity in twenty years.

In consideration whereof the Corporation agrees:—

4. It will as accommodation and as security for the Company guarantee the principal and interest of \$75,000.00 of the authorized bond issue of the Company secured as hereinbefore mentioned, payable in twenty years, and bearing interest at not more than six per cent. per annum, and it will execute and deliver such guarantee on demand, as follows: On \$50,000.00 of such bonds, when the issue is legalized, and when the Royal Bank of Canada at Sudbury, by its manager, shall certify to the clerk of the Corporation that there has been paid into said bank, to the credit of the Company, the sum of \$62,500.00 for the purpose of constructing and equipping the railway line aforesaid, and when a statutory declaration has been made by the secretary of the Company that said sum of \$62,500.00 has been expended upon the construction and equipment of the said railway.

On \$25,000.00 of such bonds when the road from said point in the Town of Sudbury to said point in the Town of Copper Cliff is fully constructed, equipped and ready for operation, as certified by Messrs. Chipman & Powers, Engineers, of the City of Toronto, and there are no liens or claims of any kind against any of the assets of said Company, which would take priority to the mortgage aforesaid to the Corporation.

5. It is agreed that the mortgage hereinbefore referred to be given as security for the redemption of the bonds, shall be made to the Corporation, to secure itself and the bondholders, and shall be satisfactory in its terms to the council of the said Corporation. The said mortgage shall provide for the right of the Corporation to take proceedings by way of sale, foreclosure or otherwise in realizing on assets of the Company in case default be made in providing for redemption in equalized payments, or establishing a sinking fund or in case of default in payment of principal or interest on the bond issue aforesaid.

6. All the assets of the Company shall be insured for their full insurable value, with loss, if any, payable to the Corporation.

7. Upon the completion of this agreement, the Corporation shall be entitled to nominate one director upon the Board of Directors of the Company.

In witness whereof the Mayor and Clerk of the Corporation have hereunto set their hands and affixed the seal of the Corporation, and the President and Secretary of the Company have hereunto set their hands and affixed the seal of the Company.

SCHEDULE "A."

Memorandum of Agreement made in duplicate this 15th day of September, A.D. 1915.

Between

The Municipal Corporation of the Town of Sudbury, hereinafter called the "Corporation," of the first part;

and

The Sudbury-Copper Cliff Suburban Electric Railway Company, hereinafter called the "Company," of the second part.

Whereas the Company is the holder of franchises permitting it to construct, maintain and operate an electric railway in the Town of Sudbury, Township of McKim and the Town of Copper Cliff, as set forth in the agreement with the respective municipalities aforesaid;

And whereas the construction of the said railway has been commenced in the Town of Sudbury, Township of McKim, and Town of Copper Cliff;

And whereas it has been represented to the said Corporation by the said Company, that the total cost of such railway from Ramsay Lake Section of the Town of Sudbury to a point near the Rex Theatre, in the Town of Copper Cliff, including rolling stock, electrical and other equipment to operate said railway, will amount to \$137,500.00;

And whereas for said purpose the Company will provide the sum of \$62,500.00 by the sale of stock, and desire to provide for the balance of \$75,000.00 by the issue of bonds of the Company;

And whereas it has been represented to the said Corporation, that owing to the financial stringency at present existing, it would be of material assistance to said Company in floating its bond issue if the same were guaranteed by said Corporation;

Now therefore the parties hereto agree to and with each other as follows:—

1. The Company agrees upon the execution of this agreement to forthwith complete, fully equip and make ready for operation the said line of railway from said point in the Town of Sudbury to the said point in the Town of Copper Cliff.

2. The Company agrees to issue and float \$75,000.00 of gold bonds, bearing interest at not more than six per cent. per annum, which bonds shall be secured by a mortgage on all the assets of the Company, including the franchises above set forth, its line of railway with road bed, rolling stock, and all equipment pertaining thereto, between the points aforesaid, within the limits of said municipalities of the Town of Sudbury, Township of McKim, and Town of Copper Cliff, which mortgage shall be a first mortgage, and the proceeds of the sale of the said bonds shall be applied in paying for the construction and equipment of the railway line aforesaid and for no other purpose.

3. The Company agrees to provide in the bonds for redemption in equalized payments or to establish a sinking fund for the redemption of the said bonds and pay annually, commencing not later than five years from the date of issue of the bonds, into some trust company approved by the Corporation, or to the Ontario Railway and Municipal Board, a sum which will be sufficient to pay off the bonds at maturity in twenty years.

In consideration whereof the Corporation agrees:—

4. It will as accommodation and as security for the Company guarantee the principal and interest of \$75,000.00 of the authorized bond issue of the Company secured as hereinbefore mentioned, payable in twenty years, and bearing interest at not more than six per cent. per annum, and it will execute and deliver such guarantee on demand, as follows: On \$50,000.00 of such bonds, when the issue is legalized, and when the Royal Bank of Canada at Sudbury, by its manager, shall certify to the clerk of the Corporation that there has been paid into said bank, to the credit of the Company, the sum of \$62,500.00 for the purpose of constructing and equipping the railway line aforesaid, and when a statutory declaration has been made by the secretary of the Company that said sum of \$62,500.00 has been expended upon the construction and equipment of the said railway.

On \$25,000.00 of such bonds when the road from said point in the Town of Sudbury to said point in the Town of Copper Cliff is fully constructed, equipped and ready for operation, as certified by Messrs. Chipman & Powers, Engineers, of the City of Toronto, and there are no liens or claims of any kind against any of the assets of said Company, which would take priority to the mortgage aforesaid to the Corporation.

5. It is agreed that the mortgage hereinbefore referred to to be given as security for the redemption of the bonds, shall be made to the Corporation, to secure itself and the bondholders, and shall be satisfactory in its terms to the council of the said Corporation. The said mortgage shall provide for the right of the Corporation to take proceedings by way of sale, foreclosure or otherwise in realizing on assets of the Company in case default be made in providing for redemption in equalized payments, or establishing a sinking fund or in case of default in payment of principal or interest on the bond issue aforesaid.

6. All the assets of the Company shall be insured for their full insurable value, with loss, if any, payable to the Corporation.

7. Upon the completion of this agreement, the Corporation shall be entitled to nominate one director upon the Board of Directors of the Company.

In witness whereof the Mayor and Clerk of the Corporation have hereunto set their hands and affixed the seal of the Corporation, and the President and Secretary of the Company have hereunto set their hands and affixed the seal of the Company.

8. In case default be made in the payment of any principal of any of said bonds as the same matures or in case default be made in the observance or performance of something hereby required to be done or of some condition or covenant to be observed or performed by the Company, then and thenceforth and in any such case, except as hereinafter mentioned, it shall be lawful for, but not obligatory upon the Trustee itself or by its attorneys or agents without any notice to the Company, to enter into and upon the mortgaged premises or any part thereof, and from thenceforth to have, hold

and possess and use the mortgages, premises and all or any parts thereof; and until the sale and delivery of the same, as hereinafter provided for, to operate and conduct the business of the Company by such superintendents, managers, and servants, attorneys or agents as the Trustee may think fit; and to make from time to time such repairs, replacements, alterations, additions and improvements to the mortgaged premises or any part thereof as the Trustee may think advisable and to collect and receive all tolls, incomes, rents, issues and profits of the mortgaged premises and every part thereof, and after deducting all expenses and outgoings of operating and conducting the said business and of repairs, replacements, alterations, additions and improvements, and all payments which may be made or may be due for insurance, taxes, assessments, charges or liens prior to the lien of this mortgage upon the mortgaged premises or any part thereof and just compensation to the Trustee for its own services, and for the services of such counsel, attorneys, agents and other persons as shall have been by it employed, and all other costs, charges and expenses reasonably incurred in and about the execution of the trusts and powers in this mortgage contained, the Trustee shall reserve the balance of the money received by it in connection with the operation and conduct of the said business and the mortgaged premises, to be applied to the payment of the principal of the said bonds upon a sale of the mortgaged premises as hereinafter provided.

9. In case default be made in the payment of any principal of any of said bonds, it shall be lawful for, but not obligatory upon, the Trustee acting by such officer, agent, attorney, or other representative as its then Mayor may thereunto designate, after such entry as aforesaid, or after other entry or without entry, and whether in or out of possession, and after such advertisement as the Trustee deems sufficient, to sell and dispose of the mortgaged premises or any part or parts thereof, en bloc or in parcels as it may deem expedient, at public auction or by private sale, at such time and place and in such manner as it may think best, and to make such sale with or under special conditions as to upset price, reserve bid or otherwise, or as to receiving the price or consideration in whole or in part in bonds secured hereunder. The Trustee may also rescind or vary any contract of sale that may have been entered into, and resell with or under any of the powers herein. The Trustee may also stop, suspend or adjourn any sale from time to time, and may make such sale at the time and place to which the same may be so adjourned, and may make and deliver to the purchaser or purchasers, good and sufficient deeds, assurances and conveyances of the mortgaged premises or such parts thereof as may be purchased, and any such sale shall be a perpetual bar both at law and in equity, against the Company and its assigns and all others, claiming the premises, or any part thereof, by from or under the Company or its assigns. After deducting from the proceeds of sale just allowances for all costs, charges and expenses, payments, advances or liabilities made or incurred by the Trustee in connection with the mortgaged premises, and the operation and management of the said business and otherwise in connection with the trusts hereof, as well as reasonable compensation for its own services, the residue of the money arising from any such sale shall be applied in payment of the principal on all the said bonds which shall then be outstanding rateably and proportionately, and without preference or priority or discrimination. If any surplus remains, the same shall be paid to the Company or its assigns. And it is hereby declared and agreed that the receipt of the Trustee shall be a sufficient discharge to the purchaser or purchasers at any sale for the purchase money, and that after payment of such purchase money, and having such receipt, the purchaser or purchasers shall not be obliged to enquire into the application of the purchase money upon or for the trusts or purposes hereof, or be in any manner whatsoever answerable for

any loss, misapplication or non-application of such purchase money or any part thereof, nor shall such purchaser or purchasers at any time be obliged to enquire into the necessity, expediency, authority or regularity of or for any such sale.

Upon any sale of the mortgaged premises, or of any part thereof, the purchaser, in making payment therefor shall be entitled after paying in cash so much as shall be necessary to cover the costs and expenses theretofore incurred by the trustee, and of the sale and of the proceedings incident thereto, to appropriate and use toward the payment of the remainder of the purchase price any of the bonds issued hereunder, and entitled to participate in the proceeds of such sale, reckoning each bond so appropriated and used at such sum as shall be payable thereon out of the net proceeds of the sale; and proper receipts shall thereupon be given to the holders of such bonds for the amount so payable thereon, and the bonds, if the net proceeds of the sale shall be sufficient to pay them in full, shall be delivered up for cancellation; or if the proceeds of the sale shall not be sufficient to pay such bonds in full, then proper endorsement shall be made thereon of the amount so paid and they shall then be returned to the holders.

10. In case default be made in the observance or performance of something hereby required to be done, or of some condition or covenant to be observed or performed by the company, the trustee may, upon being requested by the holders of twenty-five per cent. of the bonds then outstanding in the manner hereinafter provided for, declare the principal sum of each of the said bonds to be due and payable, and the same shall upon such declaration become due and payable accordingly, but holders of said bonds representing more than three-fourths thereof shall, by resolution or instrument in writing, have the power to cancel any declaration already made to that effect, or to waive the right so to declare on such terms and conditions as they may prescribe, provided always that no act or omission either of the trustee or of the bondholders in the premises shall extend to or be taken in any manner whatsoever to waive or affect any subsequent default or the rights resulting therefrom.

11. The security hereby constituted shall also become enforceable if an order shall be made or be applied for or if an effective resolution is passed for the winding up of the Company, or if the Company shall make an assignment for the benefit of its creditors, or if a distress or execution be issued against the Company's properties or any part thereof, or if the Company shall stop payment or shall, without the assent in writing of the Trustee, cease to carry on its business or a substantial part thereof, or threaten to cease to carry on the same, or if the Company be adjudged bankrupt or insolvent or lose its charter by expiration, forfeiture or otherwise, or in case a receiver of all or any part of the trust premises or any other officer with like power shall be appointed.

12. The Trustee may, by writing, appoint a receiver or receivers of the mortgaged premises, or part thereof, and may remove any receiver so appointed and appoint another in his stead, and the following provisions shall take effect:—

(a) Such appointment may be made at any time after this security shall have become enforceable, and either before or after the Trustee shall have entered into or taken possession of the mortgaged premises or any part thereof.

(b) Every such receiver may be invested with any of the powers and discretions of the Trustee.

(c) Such receiver may carry on the business of the Company or any part thereof, and may exercise all the powers conferred upon the Trustee under paragraph 8 hereof.

(d) The Trustee may from time to time fix the remuneration of every such receiver and direct the payment thereof out of the mortgaged premises or the proceeds thereof.

(e) The Trustee may from time to time require any such receiver to give security for the performance of his duties and may fix the nature and amount thereof, but it shall not be bound to require such security.

(f) Every such receiver may, with the consent in writing of the Trustee, borrow money for the purposes of carrying on the business of the Company or for the maintenance of the mortgaged premises or any part or parts thereof or for other purposes approved by the Trustee, and the receiver may issue certificates (herein called "Receiver's Certificates") for such sums as will, in the opinion of the Trustee, be sufficient for obtaining upon the security of the mortgaged premises the amounts from time to time required, and such certificates may be payable either to order or to bearer and may be payable at such time or times as to the Trustee may appear expedient, and shall bear interest as shall therein be declared, and the Trustee may sell, pledge, or otherwise dispose of the same in such manner as it may deem advisable, and may pay such commission on the sale thereof as to it may appear reasonable, and the amounts from time to time payable by virtue of such receiver's certificate shall form a first charge upon the mortgaged premises in priority to the said bonds.

(g) Every such receiver shall, so far as concerns responsibility for his acts, be deemed the agent of the Company.

13. After this security shall have become enforceable upon a requisition in writing by the holder or holders of bonds to an aggregate amount of not less than one-fourth of the amount of bonds then outstanding, or upon receiving from the chairman of a meeting at which such amount of bondholders were represented a certified copy of a resolution duly passed thereat making such requisition, and upon indemnification of the Trustee to its satisfaction against all loss, costs, expenses and liabilities to be by it incurred, it shall be the duty of the Trustee to proceed, and without such requisition the Trustee may in its discretion proceed, to enforce its rights and the rights of the bondholders under these presents by such proceedings authorized by these presents or by law as the Trustee shall in such requisition be directed to take, or, if such requisition contains no such direction, or if the Trustee shall act without such requisition then by entry, sale or suit at law or in equity as the Trustee shall deem expedient. The rights of entry or sale hereinbefore granted are declared to be cumulative remedies additional to all other remedies allowed by law for the execution and enforcement of the trusts hereof, provided, nevertheless, it shall be lawful for bondholders holding a majority of the bonds then outstanding, by written instrument or by resolution, to direct the Trustee to waive such default upon such terms as may be directed in such instrument.

14. In all cases of any instructions or requests by the bondholders to the Trustee the same shall either be in writing, in which case the Trustee shall have the right to demand proof of the ownership or legal holding of the bonds, the alleged holders or owners of which claim the right hereunder to instruct or request; or the Trustee may require deposit of said bonds, or such instructions or requests may be evidenced by being contained in a resolution passed at a meeting of bondholders held as herein provided and certified by the chairman of such meeting.

15. In any case, or upon any occasion arising when the Trustee shall desire to consult with the bondholders, a meeting of the bondholders may be called by the Trustee, and the Trustee shall call such meeting of the bondholders on a requisition in writing, signed by holders of not less than one-tenth of the nominal amount of bonds for the time being outstanding, by notice to be published once a week for two consecutive weeks in one newspaper published in the City of Montreal and in one newspaper published in the City of Toronto, and such meeting shall be held at such time and place as shall be fixed by the notice so published, and may, without publication, be adjourned from time to time and to such place as the meeting shall determine; and such meeting shall be held in the manner usual with deliberative bodies, a chairman to be elected by the bondholders present or represented by proxy, and each bondholder shall have one vote for each one thousand dollars of bonds held by him. At such meetings and in all other acts, deeds, matters or things requiring to be done in respect of the premises under any provision contained herein or in the said bonds or otherwise in relation thereto, a bondholder may act either in person or by a proxy or attorney duly constituted.

16. It is hereby declared and agreed that no holder of bonds shall have the right to institute any suit or proceedings for foreclosure or sale under this mortgage or for the execution of the trusts hereof, except upon and after the refusal or neglect of the Trustee to proceed to act in the premises upon requisition and indemnification as aforesaid; it shall, however, be lawful for the holders of bonds, representing a majority of the outstanding bonds for the time being, to direct the party bringing any such suit or proceedings to waive the default or defaults on which it is founded in like manner as is hereinbefore provided for a direction to the Trustee to waive default, and such direction shall be complied with. It is further declared and agreed that no action taken by the Trustee or by bondholders under this clause shall prejudice or in any manner affect the powers or rights of the Trustee or of bondholders in the event of any subsequent default or breach of condition or covenant herein.

17. The bonds hereby secured shall be negotiable and pass by delivery.

18. The Company covenants with the Trustee that it will pay and discharge all claims or obligations due laborers and mechanics which may, by law, be given a prior right to the lien of these presents, and will pay annually, commencing not later than five years from the date of issue of bonds, into the Montreal Trust Company or some other Trust Company approved by the Trustee, a sum which shall be sufficient to pay off the bonds at maturity in twenty years; that during the continuance of this security it will duly pay the interest and principal of the said bonds as the same mature, and that it will pay from time to time as the same respectively become due the principal and interest on all or any outstanding mortgages or bonds heretofore made or issued by the Company, and that it will pay from time to time as the same become payable all taxes, rates, levies, assessments, Government, Municipal or otherwise, legally levied, assessed or imposed upon the Company or upon the mortgaged premises or any part thereof; and that it will insure and keep insured the buildings, plant, warehouses, storage plants and the machinery in connection therewith forming part of the mortgaged premises, against loss or damage by fire with some group or association of underwriters of good standing, or with some insurance company or companies of good standing in the same manner and at least to the same extent as is usual with companies operating like properties, and will pay the premiums and other money payable for that purpose, and will cause all policies of insurance or renewals thereof to be made pay-

able in case of loss to the Trustee as part of the security hereunder, or will assign the insurance money and all loss and claims under such insurance to the Trustee in such form as shall be satisfactory to it, and will deposit or otherwise deal with all such policies and renewals in such places and manner as the Trustee may require.

And should the Company fail so to do, the Trustee may, but shall not be obliged to, cause such insurance to be effected and kept up, and may pay the premiums therefor. Provided that any insurance effected by any such company for the benefit of the holders of any bonds, debentures or other securities issued by such company shall be deemed an insurance within the meaning of this covenant. Should the Company fail to effect such insurance and keep the same in force, or so to assign or make said money payable to the Trustee, the Trustee may effect such insurance, and any money paid by the Trustee in respect thereof shall be immediately repaid to it by the Company, with interest; but no duty with respect to effecting or maintaining insurance or seeing that such assignment is made or such money is made payable to the Trustee shall rest upon the Trustee, and it shall not be responsible for any loss by reason of want thereof. In case of damage or destruction by fire of any of the property insured the insurance money shall be received by the Trustee, and shall be applied by it at the request of the Company for the purposes only either of rebuilding or reinstating the property damaged or destroyed, or of building or procuring other in lieu thereof, or of otherwise bettering or improving the mortgaged premises; provided that the Company is not in default hereunder; provided, however, that the Trustee shall be under no duty or responsibility to see to the application of said insurance money so paid to the Company, whose receipt therefor shall be a discharge to the Trustee. Pending application of said insurance money for the purposes aforesaid, the same shall form part of the mortgaged premises and shall be deposited by the Trustee to a separate account in a chartered bank of the Dominion of Canada or be invested by the Trustee in such securities as may be mutually agreed upon by the Trustee and the Company. The Company further covenants with the Trustee to carry on and continuously conduct its business in an efficient manner, to maintain and to repair and keep in repair and in good working order and condition all buildings and erections, machinery, plant and fixtures forming part of the mortgaged premises. The Company further covenants to preserve all franchises and rights and to pay all rents and observe all covenants reserved by and contained in any leases under which the Company holds any property. The Company further covenants that it will pay the Trustee's fees, charges and expenses in connection with this deed and trust mortgage.

19. The Company further covenants to do, execute and deliver all such further acts, deeds, conveyances and assurances in the law for the purpose of record or otherwise for the better assuring, conveying and confirming unto the Trustee the mortgaged premises and every part thereof as the Trustee shall reasonably require for the better accomplishing and effectuating the intentions and provisions of these presents; and whenever and as often as the Company shall hereafter acquire any additional property (real or personal), shares, securities, evidences of indebtedness, rights, franchises, powers or things whatsoever, the Company shall hold the same upon and subject to the trusts of these presents until conveyance, assignment, transfer or assurance thereof shall be duly made and delivered to the Trustee for the benefit of the trusts by these presents created whenever such conveyance, assignment, transfer or assurance is required by the terms hereof; and that the Company will, on demand, re-pay to the Trustee all money which may be paid by the Trustee for premiums of insurance, taxes, legal expenses or charges or other expenditure which the Trustee may reasonably incur in and about the execution of the

trusts hereof; and all such moneys, together with interest thereon, shall be a first charge upon the security hereby created in preference to the said bonds. The Company further covenants that it will, upon the request of the Trustee at any time after the security hereby constituted shall have become enforceable, execute such legal assurances to the Trustee of the property covered by these presents as the Trustee may require.

20. The Trustee shall not be responsible or liable for any destruction, injury or damage to the mortgaged premises by the Company, nor by any person or persons whomsoever, or from any cause or accident whatsoever. The Trustee may, if in the opinion of the Ontario Railway and Municipal Board such action is necessary, select and employ in and about said trusts and duties, suitable agents and attorneys, whose reasonable compensation shall be paid by the Company, or, in default of payment, shall be a charge upon the said mortgaged premises, and upon the proceeds thereof, paramount to said bonds, and the Trustees shall not be liable for any neglect, omission or wrong doing of any such agent or attorney, reasonable care being exercised in their selection, nor shall it be held liable for having acted, or not having acted, on the advice of any person or persons appointed by it hereunder, nor for any money except such as shall come into its hands or possession, nor shall it be liable for anything whatsoever except a breach of trust knowingly committed by it.

The Trustee shall be under no obligation or duty to perform any act hereunder or to defend any suit in respect thereof unless first indemnified to its satisfaction; nor shall the Trustee be bound to recognize any person as a bondholder unless his bonds are submitted to the Trustee for inspection, if required, and his title satisfactorily established, if disputed.

The Trustee shall, as regards all the trusts, powers and authorities and discretions vested in it, have absolute and uncontrollable discretion as to the exercise thereof, and shall not be responsible for want of discretion in any matter or thing or for failing to act in any case in which a discretion to act is given to the Trustee, and where discretionary power may be used on the part of the Trustee it shall be at liberty to accept a certified copy of resolution under the Company's seal, and signed by the President and Secretary of the Company, to the effect that any particular dealing or transaction or step or thing is, in the opinion of the person so certifying, expedient as sufficient evidence that it is expedient; and the Trustee shall be in no wise bound to call for further evidence or for any certificate or be responsible in the absence of fraud on its part for any loss, costs, damages or inconvenience that may result from the exercise or non-exercise of any discretionary power.

The Trustee shall have no responsibility for the validity of this instrument or for the execution or acknowledgment thereof or for the validity of any bond issued hereunder nor shall it be in any wise responsible for the breach of any covenants hereof by the Company.

In any case when it shall be necessary or proper for the Trustee to make any investigation respecting any fact preparatory to taking or not taking action or doing or not doing anything under this indenture as such Trustee, the certificate of the Company over its corporate seal verified by affidavit or Statutory Declaration by its President, Vice-President, Secretary or Treasurer shall, except as herein otherwise provided, specially, be sufficient evidence of such fact to protect the Trustee in any action. Such Trustee may take or refrain from taking by reason of the supposed existence of such fact, but the Trustee may nevertheless make such further or other investigation as it may deem proper.

 The Trustee shall have power to determine all questions and doubts arising in relation to any of the provisions hereof and every such determination whether made upon the question actually raised or implied in the acts or proceedings of the Trustee, shall be conclusive and shall bind all persons interested under these presents, subject to appeal by any persons interested to the Ontario Railway & Municipal Board.

21. It is hereby distinctly understood and agreed as a condition upon which the Trustee has entered into these presents and accepted the trust hereby created that it shall not be bound to take any steps to enforce the performance of any of the covenants on the part of the Company in these presents contained, and in particular, but without limiting the generality of the foregoing words, that it shall not be held liable for any failure or defect of title to or for any encumbrance upon the mortgaged premises for or by reason of the statements of facts or recitals in this mortgage or in any mortgage supplemental hereto, or in said bonds contained, or be required to verify the same, but all such statements and recitals are and shall be deemed to have been made by the Company only, and it shall not be held to be the duty of the Trustee and nothing herein contained shall in any wise cast any obligation upon the Trustee to make, register, file or renew this or any other deed or writing by way of hypothec, mortgage, charge or bill of sale upon or of the mortgaged premises or any part thereof, or upon any other property of the Company, or to procure any local hypothec, mortgage or charge or other or additional instrument of further assurance in order to add to the security hereby intended to be given or to do any other act for the continuance of the lien or charge hereof or for giving notice of the existence of such lien or charge or for extending or supplementing the same or to do any other act whatsoever which may be suitable or proper to be done for the preservation of the security hereby created. It is also hereby declared and agreed that the Trustee shall not be required to insure or to keep insured or to give any notice to the bondholders or failure to insure on the part of the Company against loss or damage by fire or otherwise, the mortgaged premises or any property of any other company controlled by the Company, or to keep itself informed or advised as to the payment or give notice to the bondholders as to the non-payment by the Company of any taxes or assessments or premiums of insurance or other payments which the Company should make or to require such payments to be made, it being hereby agreed and declared that as to all the matters and things in this clause above referred to the duty and responsibility shall rest upon the Company and not upon the Trustee, and the failure of the Company to discharge such duties and responsibilities shall not in any way render the Trustee liable or cast upon it any duty or responsibility for breach of which it would be liable and in general it is understood and agreed that prior to the Trustee being required to take any action or active measures with respect to the premises mortgaged or hypothecated or that may be mortgaged or hypothecated after being duly indemnified to its satisfaction against all actions, proceedings, claims and demands to which it may render itself liable, and all costs charges, damages and expenses which it may incur by so doing, or its taking active measures with respect thereto without being so requested or indemnified, its sole duty is confined to certifying the bonds secured hereby to belong to the series mentioned herein.

22. The Trustee may resign its trust and be discharged from all further duties and liabilities hereunder after giving three months' notice in writing to the Company. Provided that such shorter notice may be given as the Company shall accept as sufficient. In case of the resignation of the Trustee, its successors shall be at once appointed by the Company and the Trustee jointly, subject to the approval of the Ontario Railway and Municipal Board; but should

they fail to agree on such appointment, then such successor shall be appointed by the Ontario Railway and Municipal Board upon the application of the Trustee, upon such notice to the Company and to the bondholders, and given in such manner as the said Board may direct or upon the application of bondholders, upon notice to the Company. On any new appointment, the new Trustee shall be vested with the same powers, rights, duties and responsibilities as if it had been originally named as Trustee without any further assurance, conveyance, act or deed, but there shall be immediately executed at the expense of the Company all such conveyances or other instruments as may be necessary or suitable for the purpose of assuring to the new Trustee a full estate in the premises.

23. In case any bond issued under this indenture shall become mutilated, or be destroyed, the Company may in its discretion issue and thereupon the Trustee shall certify and deliver a new bond of like date and tenor bearing the same serial number as the one mutilated or destroyed, in exchange for and in place and upon cancellation of the mutilated bond or in lieu of and substitution for the same if destroyed. In case of destruction, the applicant for a substituted bond shall furnish to the Company and the Trustee evidence of the destruction of such bond, which evidence shall be satisfactory to the Company and the Trustee, in their discretion, and the applicant shall also furnish indemnity satisfactory to both of them in their discretion.

24. The Trustee may at any time with the consent of the bondholders concur with the Company in making any modifications in these presents or in the bonds, which in the opinion of the Ontario Railway and Municipal Board it may be expedient to make for any purpose whatsoever.

25. It is hereby declared that the last day of any term of years reserved by any lease, verbal or written, or any agreement therefor, now held or hereafter acquired by the Company, and whether falling within a general or specific description of property hereunder, is hereby excepted out of the assignment or transfer of such lease or agreement hereby made, and does not and shall not form any portion of the mortgaged premises; and it is further hereby declared and agreed that after any lease or sale made under the powers herein contained of any leasehold interest forming part of the mortgaged premises, the Company shall stand possessed of the premises sold for the last day of the term granted by the lease thereof or agreement therefor in trust for the purchaser or purchasers, their executors, administrators and assigns, to be assigned and disposed of as he or they may direct.

26. Should the Company pledge any bonds secured hereunder or otherwise deliver or deposit any bonds so as to entitle the Company to redeem or get back the same and should the Company redeem or get back the bonds so pledged or otherwise delivered or deposited then the Company may from time to time reissue the same or any of them or surrender to the Trustee for cancellation the said bonds or any of them, and the Trustee shall cancel the same.

27. Pending the delivery of printed, lithographed or engraved bonds to the Trustee, the Company may issue and the Trustee certify interim bonds in such form and in such amounts as the Trustee and the Company may approve entitling the holders thereof to definitive bonds when the same are prepared, and pending such exchange the holders of the said interim bonds shall be deemed to be bondholders and entitled to the benefit and security of this indenture to the same extent and in the same manner as though the said exchange had actually been made.

28. The Trustee hereby accepts the trusts of this indenture and agrees to carry out and discharge the same unless and until discharged therefrom by resignation or in some other lawful way.

29. Any money paid by the Corporation of the Town of Sudbury, whether for principal or interest under the guarantee of the said bonds by the said Corporation hereinbefore referred to shall be deemed to be paid in discharge of the liability of the said Corporation under such guarantee, but not in discharge of the liability of the Company under the bonds so guaranteed, or under the mortgage securing them, but all money so paid shall be deemed to be still secured by the said bonds and mortgaged for the benefit of The Corporation of the Town of Sudbury, and the said Corporation in respect thereof shall be subrogated in and to all the rights of the holders of the said bonds, interest upon or principal or any part of the principal of which may have been paid by the said Corporation, and the said Corporation, in respect to all moneys which may be so paid and the interest thereon, shall be, in all respects in the position of and shall be entitled to the rights and remedies of bond holders under this mortgage in respect of whose bonds default has been made and by the said mortgage, the same shall continue to be preferentially secured.

30. Wherever throughout this mortgage the Company or the Trustee are mentioned or referred to, such mention or reference shall extend to and include their successors and assigns and for all purposes under this mortgage the Company may act through its Board of Directors or Officers or persons authorized by the Board.

SCHEDULE "A."

Agreement made the 9th day of September, 1915.

Between

The Corporation of the Village of Mimico, hereinafter called "The Village of Mimico," of the first part;

and

The Corporation of the Village of New Toronto, hereinafter called "The Village of New Toronto," of the second part.

Whereas the Village of Mimico and the Village of New Toronto each require a system of sewerage, including a sewage pumping station, sewage treatment plant and a sewage disposal plant;

And whereas the Village of Mimico and the Village of New Toronto are adjoining municipalities and so situate that the sewage of the system of sewerage for the Village of New Toronto could be discharged into a main trunk sewer on the Lake Shore Road in the Village of Mimico at the boundary of the said village and be treated and disposed of along with the sewage of the system of sewerage of the Village of Mimico by the sewage pumping plant, sewage treatment plant and sewage disposal plant of the last mentioned village if the said plants be constructed of sufficient capacity for that purpose and thus effect a large reduction in the aggregate cost of construction and maintenance and in the operating expenses;

And whereas for the reasons above mentioned it is expedient and desirable in the interest of both of the said municipalities to effect the savings in cost, maintenance and operating expenses above referred to;

And whereas the proposed works have been considered and reported upon favourably and plans and specifications and estimates of the cost have been made by a competent engineer on behalf of each of the said municipalities;

And whereas the said plans, specifications and estimates of the cost of each of the said works in the Village of Mimico have been submitted to and approved of by the Provincial Board of Health;

Now therefore the parties hereto mutually agree as follows:—

1. There shall be constructed and maintained in the Village of Mimico as a part of the system of sewerage for the said village a trunk sewer on the Lake Shore Road in the said village from the municipal boundary at Dwight Avenue to a pumping station to be located on Superior Avenue and be connected with the same. The said trunk sewer shall have an interior diameter of thirty inches from Dwight Avenue to Church Street and the remainder thereof shall have an interior diameter of thirty-six inches.

2. There shall also be constructed under the joint supervision and control of the two municipalities interested and maintained and operated as part of the said system of sewerage of the Village of Mimico, a sewage pumping station located on Superior Avenue in the said village and in connection therewith a sewage pumping main, a sewage treatment plant and a sewage disposal plant to be located at such place or places as may be deemed expedient and be approved of by the Provincial Board of Health. The said pumping station, sewage pumping main, sewage treatment plant and sewage disposal plant shall be of capacity sufficient to pump, treat and dispose of the sewage from the system of sewerage of the said Village of Mimico and the sewage from the system of sewerage of the said Village of New Toronto, and shall be so constructed that units may be added at any time increasing the capacity thereof.

3. The Corporation of the Village of New Toronto shall have the right to and may connect the system of sewerage of the said Village of New Toronto with the said trunk sewer on the Lake Shore Road at Dwight Avenue in the said Village of Mimico and shall have the right to and may discharge the sewage of the said system of sewerage of the Village of New Toronto into the said trunk sewer and shall have the right to the use of the said trunk sewer, sewage pumping station, sewage pumping main, sewage treatment plant and sewage disposal plant in common with the Corporation of the Village of Mimico for the purposes of and in connection with the sewerage system of the Village of New Toronto.

4. The Corporation of the Village of New Toronto shall pay to the Corporation of the Village of Mimico the estimated cost of the said trunk sewer in excess of the cost of a trunk sewer having an interior diameter of twelve inches from Dwight Avenue to Church Street and of twenty-four inches for the remainder of the distance and a further sum equal to ten per centum of such excess in cost for compensation for the use of the right-of-way and payment of engineering and legal fees and incidental expenses. Such cost to be determined by reference to the tenders for the construction of sewers of the sizes mentioned.

5. The Corporation of the Village of Mimico and the Corporation of the Village of New Toronto shall each pay one-half of the cost of the said sewage pumping station, sewage pumping main, sewage treatment plant and sewage disposal plant and one-half of the cost of all lands acquired for the purposes thereof. Such payment shall be made as hereinafter provided. Any enlargements or extensions of the said works or any of them which may at any time become necessary shall be made at the joint cost and expense of the said corporation in equal shares.

6. The Village of Mimico shall borrow upon the credit of the said village the moneys necessary to pay for the construction of the said works, and the purchase of the said lands by the issue of debentures for such term, bearing such rate of interest and payable upon such plant as the reeve and council may deem expedient. The Corporation of the Village of New Toronto shall pay to the Village of Mimico in each and every year a sum sufficient to pay its share of the interest upon the moneys so borrowed and its share of the principal moneys falling due in each year or its share of the sinking fund as the case may be, according to the debentures issued therefor. Such payment to be made on or before the first day of December in each year. The Council of the Corporation of the Village of New Toronto shall forthwith pass a by-law providing for raising the moneys required to make the said annual payments by a special rate sufficient therefor upon all the rateable property in the said municipality. Such by-law shall be confirmed by the Act of the Legislature hereinafter provided for.

7. The said trunk sewer, sewage pumping station, sewage pumping main, sewage treatment plant and sewage disposal plant shall

be maintained and operated at the joint expense of the said Village of Mimico and the Village of New Toronto, each paying one-half of the expense, maintenance and operation. The moneys for that purpose shall be provided by the parties hereto, by the council of each of the said parties including a sum sufficient to pay their respective shares thereof in the annual estimates of each and every year. It shall be the duty of "The Union Sewerage Commission" hereinafter provided for to render to each of the parties hereto an account of such cost for each month on or before the tenth day of the next succeeding month, provided that such account may be rendered at a later date, and each of the parties hereto shall pay to the said Commission its share of the said cost on or before the last day of the same month in which the said account is rendered.

8. The said works shall be managed and operated by a Commission to be named and called "The Union Sewerage Commission."

(1) The said Commission shall consist of six members, three of whom shall be appointed by the Council of the Corporation of the Village of Mimico and three of whom shall be appointed by the Council of the Corporation of the Village of New Toronto.

(2) The term of office of each commissioner shall commence on the first day of March in the year in which he is appointed and shall continue until the last day of February in the next succeeding year and thereafter until his successor is appointed.

(3) Every commissioner shall be eligible for reappointment.

(4) The reeve and members of the council shall be eligible for appointment to the office of commissioner and may hold such appointment and be and remain the reeve or a member of the council at the same time.

(5) The Commission shall have authority to make all necessary expenditures for the operation, repair and maintenance of the works, provided such expenditure shall not exceed the sum provided by the councils of the parties hereto for that purpose in the annual estimates for the current year. The Commission shall not make any expenditure or incur any liability on capital account without the authority of the said councils. The commissioners at their first meeting in each year shall elect one of their members to be chairman of the Commission. The chairman shall preside at all meetings at which he is present. In the absence of the chairman the members present shall elect one of the members to preside as chairman of the Commission at that meeting. Four members shall constitute a quorum. A quorum of the Commission may transact any business regularly before the meeting. In the event of the members of the Commission being equally divided upon any question, such question shall, subject to the right of appeal hereinafter provided, be deemed to be decided in the negative, provided that any one or more of the commissioners may require the vote upon such question to be recorded in the minutes and any commissioner may appeal to The Ontario Railway and Municipal Board to decide such question, and the said Board shall have jurisdiction to and may decide the same, and such decision shall be final and conclusive upon all parties. The said Commission may make rules for the holding of meetings and the regulation and conduct of its business.

9. Any question or questions or matters in difference between the parties hereto which may arise respecting the interpretation of this agreement or any clause or clauses thereof, or respecting the obligations of the parties thereto under the same shall be referred to and determined by The Ontario Railway and Municipal Board, upon the summary application of both or either of the parties hereto, and for the purposes aforesaid the parties hereto shall submit all such matters as aforesaid to the said Board to be dealt with

and determined under the general statutory jurisdiction of the said Board. There shall not be any appeal from the decision of the said Board.

10. Upon the expiration or sooner determination of this agreement the Corporation of the Village of Mimico shall pay to the Corporation of the Village of New Toronto such sum, if any, as the interest of the Corporation of the Village of New Toronto in the said works may be worth to the Corporation of the Village of Mimico, the sum, if any, to be paid as aforesaid to be ascertained and determined by The Ontario Railway and Municipal Board, if the parties hereto differ about the same.

11. The provisions of this agreement shall continue in force and be binding upon the parties hereto for the term of thirty years from the date hereof. Provided that the parties, hereto may by mutual agreement vary or rescind the same.

This agreement is made subject to its being confirmed and validated by an Act of the Ontario Legislature to be passed at the next Session thereof, and upon being so confirmed and validated shall be deemed to have been valid and in force at and from the date hereof.

SCHEDULE "A."

Agreement made the 9th day of September, 1915.

Between

The Corporation of the Village of Mimico, hereinafter called "The Village of Mimico," of the first part;

and

The Corporation of the Village of New Toronto, hereinafter called "The Village of New Toronto," of the second part.

Whereas the Village of Mimico and the Village of New Toronto each require a system of sewerage, including a sewage pumping station, sewage treatment plant and a sewage disposal plant;

And whereas the Village of Mimico and the Village of New Toronto are adjoining municipalities and so situate that the sewage of the system of sewerage for the Village of New Toronto could be discharged into a main trunk sewer on the Lake Shore Road in the Village of Mimico at the boundary of the said village and be treated and disposed of along with the sewage of the system of sewerage of the Village of Mimico by the sewage pumping plant, sewage treatment plant and sewage disposal plant of the last mentioned village if the said plants be constructed of sufficient capacity for that purpose and thus effect a large reduction in the aggregate cost of construction and maintenance and in the operating expenses;

And whereas for the reasons above mentioned it is expedient and desirable in the interest of both of the said municipalities to effect the savings in cost, maintenance and operating expenses above referred to;

And whereas the proposed works have been considered and reported upon favourably and plans and specifications and estimates of the cost have been made by a competent engineer on behalf of each of the said municipalities;

And whereas the said plans, specifications and estimates of the cost of each of the said works in the Village of Mimico have been submitted to and approved of by the Provincial Board of Health;

Now therefore the parties hereto mutually agree as follows:—

1. There shall be constructed and maintained in the Village of Mimico as a part of the system of sewerage for the said village a trunk sewer on the Lake Shore Road in the said village from the municipal boundary at Dwight Avenue to a pumping station to be located on Superior Avenue and be connected with the same. The said trunk sewer shall have an interior diameter of thirty inches from Dwight Avenue to Church Street and the remainder thereof shall have an interior diameter of thirty-six inches.

2. There shall also be constructed under the joint supervision and control of the two municipalities interested and maintained and operated as part of the said system of sewerage of the Village of Mimico, a sewage pumping station located on Superior Avenue in the said village and in connection therewith a sewage pumping main, a sewage treatment plant and a sewage disposal plant to be located at such place or places as may be deemed expedient and be approved of by the Provincial Board of Health. The said pumping station, sewage pumping main, sewage treatment plant and sewage disposal plant shall be of capacity sufficient to pump, treat and dispose of the sewage from the system of sewerage of the said Village of Mimico and the sewage from the system of sewerage of the said Village of New Toronto, and shall be so constructed that units may be added at any time increasing the capacity thereof.

3. The Corporation of the Village of New Toronto shall have the right to and may connect the system of sewerage of the said Village of New Toronto with the said trunk sewer on the Lake Shore Road at Dwight Avenue in the said Village of Mimico and shall have the right to and may discharge the sewage of the said system of sewerage of the Village of New Toronto into the said trunk sewer and shall have the right to the use of the said trunk sewer, sewage pumping station, sewage pumping main, sewage treatment plant and sewage disposal plant in common with the Corporation of the Village of Mimico for the purposes of and in connection with the sewerage system of the Village of New Toronto.

4. The Corporation of the Village of New Toronto shall pay to the Corporation of the Village of Mimico the estimated cost of the said trunk sewer in excess of the cost of a trunk sewer having an interior diameter of twelve inches from Dwight Avenue to Church Street and of twenty-four inches for the remainder of the distance and a further sum equal to ten per centum of such excess in cost for compensation for the use of the right-of-way and payment of engineering and legal fees and incidental expenses. Such cost to be determined by reference to the tenders for the construction of sewers of the sizes mentioned.

5. The Corporation of the Village of Mimico and the Corporation of the Village of New Toronto shall each pay one-half of the cost of the said sewage pumping station, sewage pumping main, sewage treatment plant and sewage disposal plant and one-half of the cost of all lands acquired for the purposes thereof. Such payment shall be made as hereinafter provided. Any enlargements or extensions of the said works or any of them which may at any time become necessary shall be made at the joint cost and expense of the said corporation in equal shares.

6. The Village of Mimico shall borrow upon the credit of the said village the moneys necessary to pay for the construction of the said works, and the purchase of the said lands by the issue of debentures for such term, bearing such rate of interest and payable upon such plant as the reeve and council may deem expedient. The Corporation of the Village of New Toronto shall pay to the Village of Mimico in each and every year a sum sufficient to pay its share of the interest upon the moneys so borrowed and its share of the principal moneys falling due in each year or its share of the sinking fund as the case may be, according to the debentures issued therefor. Such payment to be made on or before the first day of December in each year. The Council of the Corporation of the Village of New Toronto shall forthwith pass a by-law providing for raising the moneys required to make the said annual payments by a special rate sufficient therefor upon all the rateable property in the said municipality. Such by-law shall be confirmed by the Act of the Legislature hereinafter provided for.

7. The said trunk sewer, sewage pumping station, sewage pumping main, sewage treatment plant and sewage disposal plant shall be maintained and operated at the joint expense of the said Village of Mimico and the Village of New Toronto, each paying one-half of the expense, maintenance and operation. The moneys for that purpose shall be provided by the parties hereto, by the council of each of the said parties including a sum sufficient to pay their respective shares thereof in the annual estimates of each and every year. It shall be the duty of "The Union Sewerage Commission" hereinafter provided for to render to each of the parties hereto an account of such cost for each month on or before the tenth day of the next succeeding month, provided that such account may be rendered at a later date, and each of the parties hereto shall pay to the said Commission its share of the said cost on or before the last day of the same month in which the said account is rendered.

8. The said works shall be managed and operated by a Commission to be named and called "The Union Sewerage Commission."

(1) The said Commission shall consist of six members, three of whom shall be appointed by the Council of the Corporation of the Village of Mimico and three of whom shall be appointed by the Council of the Corporation of the Village of New Toronto.

(2) The term of office of each commissioner shall commence on the first day of March in the year in which he is appointed and shall continue until the last day of February in the next succeeding year and thereafter and until his successor is appointed.

(3) Every commissioner shall be eligible for reappointment.

(4) The reeve and members of the council shall be eligible for appointment to the office of commissioner and may hold such appointment and be and remain the reeve or a member of the council at the same time.

(5) The Commission shall have authority to make all necessary expenditures for the operation, repair and maintenance of the works, provided such expenditure shall not exceed the sum provided by the councils of the parties hereto for that purpose in the annual estimates for the current year. The Commission shall not make any expenditure or incur any liability on capital account without the authority of the said councils. The commissioners at their first meeting in each year shall elect one of their members to be chairman of the Commission. The chairman shall preside at all meetings at which he is present. In the absence of the chairman the members present shall elect one of the members to preside as chairman of the Commission at that meeting. Four members shall constitute a quorum. A quorum of the Commission may transact any business regularly before the meeting. In the event of the members of the Commission being equally divided upon any question, such question shall, subject to the right of appeal hereinafter provided, be deemed to be decided in the negative, provided that any one or more of the commissioners may require the vote upon such question to be recorded in the minutes and any commissioner may appeal to The Ontario Railway and Municipal Board to decide such question, and the said Board shall have jurisdiction to and may decide the same, and such decision shall be final and conclusive upon all parties. The said Commission may make rules for the holding of meetings and the regulation and conduct of its business.

9. Any question or questions or matters in difference between the parties hereto which may arise respecting the interpretation of this agreement or any clause or clauses thereof, or respecting the obligations of the parties thereto under the same shall be referred to and determined by The Ontario Railway and Municipal Board, upon the summary application of both or either of the parties hereto, and for the purposes aforesaid the parties hereto shall submit all such matters as aforesaid to the said Board to be dealt with and determined under the general statutory jurisdiction of the said Board. There shall not be any appeal from the decision of the said Board.

10. Upon the expiration or sooner determination of this agreement the Corporation of the Village of Mimico shall pay to the Corporation of the Village of New Toronto such sum, if any, as the interest of the Corporation of the Village of New Toronto in the said works may be worth to the Corporation of the Village of Mimico, the sum, if any, to be paid as aforesaid to be ascertained and determined by The Ontario Railway and Municipal Board, if the parties hereto differ about the same.

11. The provisions of this agreement shall continue in force and be binding upon the parties hereto for the term of thirty years

from the date hereof. Provided that the parties hereto may by mutual agreement vary or rescind the same.

This agreement is made subject to its being confirmed and validated by an Act of the Ontario Legislature to be passed at the next Session thereof, and upon being so confirmed and validated shall be deemed to have been valid and in force at and from the date hereof.

The Corporation of the Township of York (hereinafter called the "Township"), of the second part.

Whereas the said Township is desirous of purchasing a supply of water from the said City, the said City agrees to sell water to the said Township upon the terms and conditions hereinafter set out.

The said City agrees to supply water to the said Township. The points of contact between the two municipalities at which water shall be supplied and the manner thereof shall be determined by the Commissioner of Works.

The supply shall be metered at such points of contact to measure the quantity of water supplied, and the said Township shall pay for the purchase and installation of such meters, recorders, recorder houses, meter houses, meter chambers, drains, and everything connected therewith, but the City shall maintain such meters in repair, free of cost to the Township. The said Township shall, during the winter months at its own cost, continuously heat all recorder houses.

The said Township shall pay for such supply of water so metered in accordance with the quantity which the meter or meters shall record.

Should any meter or meters for any reason fail to record accurately or fail to record at all, the consumption is to be averaged and paid for by the said Township, for such period of failure, on the basis of the consumption for the three months preceding such failure, or the three months succeeding the time when such meter or meters have been placed in proper and efficient working order.

The said Township shall pay to the said City at the rate of per 1,000 imperial gallons.

The said Township agrees with the said City to pay to the said City the amount charged for the supply of water as provided herein immediately upon receiving an account from the City therefor.

The said Township shall not be entitled to make any claim for rebate from the City on account of water registered or passed by the meter and for which the said City may call upon the said Township to pay.

The said Township, at its own expense, will supply and instal all necessary mains, hydrants, valves, recorders, meters, meter houses, apparatus and services according to plans, profiles and specifications to be approved by the Commissioner of Works of the said City and under the supervision and inspection of the said Corporation, the said Township agreeing to pay the cost of such supervision and inspection.

The said Township agrees that all mains, hydrants, service fittings, etc., which they lay, instal, furnish or maintain, shall be of the size, kind, quality and type required by the Commissioner

of Works, and shall fulfil all requirements by way of structure, and that which like articles supplied and used by the said City from time to time may be required to fulfil or withstand.

The said Township shall provide and locate all valves, fittings, appliances, etc., in such position as may be approved by the said Commissioner of Works.

When and as often as the said Township propose to lay a water main, or mains, to be fed from the City supply, the said Township shall notify the Commissioner of Works of the said corporation and submit a plan with said notifications of the district to be supplied, such plan to show profiles and widths of the streets on which the main or mains are proposed to be laid, together with the size and location of mains, hydrants, valves, etc., and like information pertaining to other services and utilities already installed, and a profile of the main as proposed to be laid.

protection for the purpose of complying with the requirements of the fire underwriters; and whereas the income derived in taxes from the said lands amounts to several thousand dollars, and it is desirous to expend these taxes on said lands rather than in other parts of the Municipality of the Township of York as well as the income derived from the various utilities; and whereas said District has been beautified by the planting of shade trees along the various streets and avenues, and it is desirous for the purpose of maintaining said shade trees in a proper manner to obtain the necessary authority for said purpose; and whereas it is desirous of obtaining better railway accommodation and facilities as well as cheaper railway rates to the inhabitants of said lands, and these objects can be better secured by incorporation; and whereas the said parties are desirous of securing the necessary machinery for the proper maintenance and upkeep of all these public works and improvements in order that the requirements of the said inhabitants may be secured; and whereas the interests of the inhabitants of said lands will be better served in so far as the operation and maintaining of the different utilities in the expenditure of the income derived therefrom, as well as from the taxes and rates, better fire protection, the health and sanitary conditions better sustained, better railway facilities and cheaper rates secured and the interests of said inhabitants of the said lands best served by incorporating them as a Town; and whereas said petitioners have prayed that an Act may be passed for that purpose; and whereas it is expedient to grant the prayer of the said petition;

Preamble.

under the age of twenty-one years; that an action was instituted in the Supreme Court of Ontario by the said Frances Constance Kingsmill against the other beneficiaries under the said will and codicil and said insurance trust and the Royal Trust Company as executor of such will and codicil and trustee under said insurance trust to have the said probate set aside and to have it declared that the said Walter Dowker Beardmore died intestate on the ground that the said testamentary dispositions were brought about by delusions in his mind and that at the times when same respectively were executed he was devoid of testamentary capacity, and in the alternative for a declaration construing the said will, and said insurance trust instrument of the 7th February, 1901, as is more fully set out in the proceedings in said action; that by order made in the said action on the said 6th day of December, 1915, the said Frederick Weir Harcourt, Official Guardian, was appointed to represent for the purposes of the action all unborn persons who might be entitled to any interest in the estate of the said Walter Dowker Beardmore, deceased, either under his will or otherwise, and by a further order made in the said action on the 6th day of December, 1915, the said Walter B. Kingsmill was appointed guardian *ad litem* of the defendants Charles Owen Beardmore and Everett Clement Beardmore; that the plaintiff moved for judgment in the said action on the terms of a proposed agreement of compromise by way of family arrangement and by consent of all parties such motion for judgment was turned into a trial of the action; that by judgment delivered in the said action on the 5th day of February, 1916, the Court approved the proposed agreement of compromise by way of family arrangement as a final settlement of all questions arising in the action and of all other matters covered by such agreement and authorized the execution of such agreement by the said Walter B. Kingsmill on behalf of the defendants Charles Owen Beardmore and Everett Clement Beardmore and by the said Frederick Weir Harcourt on behalf of the infant defendants and all unborn persons who might be entitled to any interest in the estate of the said Walter Dowker Beardmore either under his will or otherwise; that such agreement of compromise by way of family arrangement has been executed by Melinda Elizabeth Beardmore, Frances Constance Kingsmill, George Lissant Beardmore, Walter Williams Beardmore, Frederick Weir Harcourt and Walter B. Kingsmill; and whereas the said petitioners have prayed that an Act may be passed confirming the said agreement of compromise by way of family arrangement and the said judgment; and whereas it is expedient to grant the prayer of the said petition;

SCHEDULE "A."

Memorandum of Agreement made this fifth day of February in the year of our Lord one thousand nine hundred and sixteen,

Between

Melinda Elizabeth Beardmore; Francis Constance Kingsmill; Walter Williams Beardmore; George Lissant Beardmore, acting herein by his attorney the said Walter Williams Beardmore under power of attorney, copy of which is hereto attached; Charles Owen Beardmore and Everett Clement Beardmore, acting herein by Walter B. Kingsmill, their guardian appointed by an order of the Supreme Court of Ontario, copy of which is hereto attached; Walter Juchereau Kingsmill; Charles Grange Kingsmill; Diana Elizabeth Constance Kingsmill; Marguerite Evelyn Beardmore; Eric Walter Beardmore; Nadine Elizabeth Grace Beardmore; Patricia Margaret Beardmore and Katherine Merry Beardmore, infants under the age of twenty-one years, represented and acting herein by Frederick W. Harcourt, one of His Majesty's Counsel, learned in the law, Official Guardian;

and

The said Frederick W. Harcourt, Official Guardian, representing all persons who may hereafter be born and who would be entitled to any interest in the estate of Walter Dowker Beardmore, deceased, either under his will or otherwise, appointed by order of the Supreme Court of Ontario, copy of which is hereto attached.

Whereas the said Melinda Elizabeth Beardmore is the widow and the said Frances Constance Kingsmill, George Lissant Beardmore, Walter Williams Beardmore, Charles Owen Beardmore and Everett Clement Beardmore are the daughter and sons and only surviving children and the said Walter Juchereau Kingsmill, Charles Grange Kingsmill, Diana Elizabeth Constance Kingsmill, Marguerite Evelyn Beardmore, Eric Walter Beardmore, Nadine Elizabeth Grace Beardmore, Patricia Margaret Beardmore and Katherine Merry Beardmore are the grandchildren of Walter Dowker Beardmore, late of the City of Toronto, who departed this life on or about the 23rd day of May, 1915, having theretofore, to wit, on or about the 27th day of June, 1914, made and published as and for his last will and testament the instrument of that date hereinafter referred to; and having further, to wit, on or about the 18th day of May, 1915, made and published as a codicil to such will a further instrument of said last mentioned date;

And whereas on or about the 16th day of August, 1915, the Surrogate Court of the County of York granted probate of the said will and codicil to the Royal Trust Company, the executor named in said will;

And whereas the said late Walter Dowker Beardmore in his lifetime created a trust of certain policies of insurance on his life under and by an instrument bearing date the 6th day of May, 1893, between the said late Walter Dowker Beardmore of the first part and one Walter MacDonald, since deceased, and one Alfred Owen Beardmore, of the second part, which insurance trust was from time to time varied and added to by several instruments including an instrument dated the 25th day of March, 1896, between the said late Walter Dowker Beardmore, of the first part, and the said late Walter MacDonald and the said Alfred Owen Beardmore, of the second part, and the Toronto General Trust Company of the third part, whereby the said The Toronto General Trusts Company was appointed trustee under said trusts in lieu of the said late Walter MacDonald and the said Alfred Owen Beardmore; three several

instruments between the said late Walter Dowker Beardmore, of the first part, and The Toronto General Trusts Corporation (formerly the said The Toronto General Trust Company), of the second part, dated respectively, 7th February, 1901, 2nd August, 1907, and 25th November, 1913, and a certain deed of appointment dated 27th June, 1914, whereby the said Royal Trust Company was, pursuant to the powers reserved in said instrument of the 2nd August, 1907, appointed trustee under said trusts in lieu of the said The Toronto General Trusts Corporation;

And whereas an action has been instituted and is now pending in the Supreme Court of Ontario by the said Frances Constance Kingsmill against the Royal Trust Company, executor of said will, and the beneficiaries other than the said Frances Constance Kingsmill named therein, to have the said Letters Probate set aside and to have it declared that the said Walter Dowker Beardmore died intestate on the ground that the said testamentary dispositions were brought about by delusions in his mind and that at the times when same respectively were executed, he was devoid of testamentary capacity; and in the alternative for a declaration construing the said will and also for a declaration construing said insurance trust instrument of the 7th February, 1901, as is more fully set out in the proceedings in said action;

And whereas all parties recognize that even if said will and codicil are held to be valid, grave doubts exist as to whether same provide for certain contingencies which may arise and as to the true construction thereof with reference to other contingencies for which said will purports to provide and particularly under the twentieth clause thereof, providing for the ultimate distribution of the residuary estate of the said late Walter Dowker Beardmore, which clause is in the words following:

On the death of my wife and of all my children to divide the residue of my property into as many portions as there shall have been born grandchildren of mine, and to hold one of such portions in trust for my granddaughter Diana Elizabeth Constance Kingsmill, paying her during her life the income from the same (or if she shall have died before that time in trust for her children in equal shares) and upon her death to hold the same in trust for her children in equal portions until they respectively come of age, using the income from their respective shares in the maintenance, support and education of each respectively during minority and to pay over the principal to each one as he or she shall respectively attain the age of twenty-one years; to hold another of such portions in trust for my granddaughter Marguerite Beardmore (daughter of George Lissant Beardmore) and her children upon the like trusts as hereinbefore declared in respect of the portion of my granddaughter Diana Elizabeth Constance Kingsmill; to hold another of such portions in trust for my granddaughter Nadine Elizabeth Grace Beardmore and her children upon the like trusts as hereinbefore declared in respect of the portion of my granddaughter Diana Elizabeth Constance Kingsmill; to hold another of such portions in trust for my granddaughter Patricia Beardmore and her children upon the like trusts as hereinbefore declared in respect of the portion of my granddaughter Diana Elizabeth Constance Kingsmill; to hold another of such portions in trust for my granddaughter Katherine Merry Beardmore and her children upon the like trusts as hereinbefore declared in respect of the portion of my granddaughter Diana Elizabeth Constance Kingsmill; and to pay one of such portions to each of my other grandchildren then surviving, and in case of the death of Walter Juchereau Kingsmill, Charles Grange Kingsmill or Eric-Walter Beardmore before the period of distribution then to hold the share of such deceased in trust for his children in equal shares; provided that the amount so given to the children of any one of my sons shall not exceed one-fifth of the whole of such residue and any excess arising in such case shall be given to the then surviving children of my said daughter Frances Constance Kingsmill to be divided equally among them.

Provided and I expressly will and direct that in case either of my sons Charles Owen Beardmore or Everett Clement Beardmore shall marry without first having the written consent of my sons George Lissant Beardmore and Walter Williams Beardmore and my daughter Frances Constance Kingsmill, then the children of that son so marrying without such consent shall not inherit or participate in the final distribution of my estate, but the share which they would have inherited if such share had been obtained shall fall into and form part of my general estate;

And whereas all parties also recognize that grave doubts exist as to the true construction of clause 2 of the said Insurance Trust instrument, of the 7th February, 1901, which clause is in the words following:

The surplus, if any, of the income of said trust fund from time to time shall be allowed to accumulate and be added to the principal and the principal moneys of said trust fund including such accumulations shall be retained until the death of the donor's wife and all of the donor's children, whereupon the same shall be divided among the donor's grandchildren as follows, namely: One equal share to the children surviving of each of the donor's children such share as between the children of each of the donor's children as between themselves to be divided equally share and share alike; subject, however to the power of appointment of each of the donor's children in respect of an equal share of said trust fund to be exercised by will such power of appointment being limited in case such child of the donor shall leave children him or her surviving to such apportionment among them as to such donor's child shall seem proper with the right to exclude one or more of them from participation, but in case the said donor's child shall not leave any children him or her surviving then such power of appointment may be exercised in favour of any one or more of the grandchildren of the said donor in such proportion as to such donor's child shall seem meet, and it is expressly directed that if any such appointment shall be made in favour of any grandchild of the donor who shall die after the making of such appointment but before the period of distribution, such appointment if from its terms it shall be capable of vesting in or for the benefit of the estate of such grandchild shall not be defeated by reason only of the death of such grandchild before the arrival of the period of distribution of said trust fund;

And whereas differences have arisen between the said Melinda Elizabeth Beardmore and the said Royal Trust Company as to the right to receive the sum of one thousand dollars payable by the Commercial Travellers Association of Canada by way of mortuary benefit in respect of the membership of the said late Walter Dowker Beardmore in the Commercial Travellers Association, which amount is claimed by the Royal Trust Company as part of the said insurance trust and by the said Melinda Elizabeth Beardmore under an alleged subsequent declaration of the said late Walter Dowker Beardmore in her favour;

And whereas during the lifetime of the said late Walter Dowker Beardmore a contract was entered into for the purchase of certain lands in the City of Ottawa whereon was erected a residence for the said Frances Constance Kingsmill;

And whereas the said Frances Constance Kingsmill claims that although the contracts for the purchase of land and erection of residence were entered into in her name the same were entered into under the instructions of and on behalf of the said late Walter Dowker Beardmore and that the said land and residence were intended to be a gift by the said late Walter Dowker Beardmore to her;

And whereas there remains unpaid of the purchase money on said lands a balance of five thousand dollars and certain interest thereon and of architect's fees a balance of two hundred and fifty dollars;

And whereas all moneys heretofore paid in connection with the price of said lands and the erection of said residence were paid by the said late Walter Dowker Beardmore who kept an account of such payments in his private ledger, and who in his lifetime caused an entry to be made in said account in the words following:

"This account is simply a record of amounts disbursed for land and construction of dwelling, which W. D. Beardmore has made a present to his daughter F. C. Kingsmill. The property was Mrs. Kingsmill's by gift when operations began.";

And whereas it is in the interests of the present and all future members of the family that a fair and reasonable family arrangement shall now be entered into to settle and adjust all present differences and disputes, to provide for certain contingencies not provided for by said will and to remove doubts as to the true construction of said will and of the said insurance trust instrument of the 7th February, 1901, so as to avoid future disputes, differences and litigation and conserve not only the best interests but also the honour and good name of the family;

And whereas Evelyn Anna Beardmore and Frederick Archer, who are beneficiaries under the said will and are named as defendants in said action are not interested in and not affected by the family arrangement hereby intended to be made;

Now these presents witness that in consideration of the premises and of the mutual conditions, agreements and concessions hereinafter set out the parties, subject to the approval of the Court have agreed as follows:

1. That subject to the terms of this family arrangement the provisions of the said will of the 27th June, 1914, as amended by said codicil of the 18th May, 1915, are accepted by all parties.

2. That one-third of the surplus income (after payment of the annuities directed by the said will and codicil to be paid and all expenses from time to time chargeable to income) of the property and estate devised and bequeathed by said will and codicil, which shall accrue from time to time prior to the distribution of the residuary estate, shall be paid by the trustee or trustees under the said will from time to time to the said Melinda Elizabeth Beardmore during her life and after her death to such of her children or remoter issue and in such proportions as she shall by will appoint and in default of appointment, or so far as the appointment does not extend, to all her children in equal shares, the issue of any child dying in the lifetime of the said Melinda Elizabeth Beardmore taking the share which his, her or their parent would have taken; and the remaining two-thirds thereof shall be distributed and paid by the said trustee or trustees in manner following, that is to say, in five equal shares as increased annuities for Frances Constance Kingsmill, George Lissant Beardmore, Walter Williams Beardmore, Charles Owen Beardmore and Everett Clement Beardmore and their respective children and remoter issue; provided that the whole of such surplus income including as well the one-third so directed to be paid to Melinda Elizabeth Beardmore and after her death as she shall appoint as aforesaid, as the remaining two-thirds, shall be subject to the same terms trusts conditions and provisions as by said will (as interpreted modified and altered by these presents) are declared in regard to the respective annuities bequeathed to or for the said Melinda Elizabeth Beardmore, Frances Constance Kingsmill, George Lissant Beardmore, Walter Williams Beardmore, Charles Owen Beardmore and Everett Clement Beardmore respectively by said will; the increased annuities for Charles Owen Beardmore and Everett Clement Beardmore to be paid from time to time to Melinda Elizabeth Beardmore and Frances Constance Kingsmill or other the trustees for the time being lawfully appointed of the annuities under said will for the said Charles

Owen Beardmore and Everett Clement Beardmore, unless and until the courts of the Province of Ontario shall duly appoint a committee of the property of the said Charles Owen Beardmore and Everett Clement Beardmore or either of them, whereupon the shares of such surplus income of the said Charles Owen Beardmore and Everett Clement Beardmore or either of them, as the case may be, shall be payable to such committee instead of to the said trustees.

3. That the residue of the property of the said late Walter Dowker Beardmore referred to in the twentieth clause of said will shall on the arrival of the period of distribution be divisible into as many portions as there shall have been born grandchildren of the said late Walter Dowker Beardmore who shall be surviving at the date of the distribution or who having died before that date shall leave issue then surviving, and that one of such portions shall immediately on the arrival of the date of distribution vest *per stirpes* in the issue then surviving of any grandchild of the said late Walter Dowker Beardmore born after his death who shall die before the arrival of the date of distribution leaving issue then surviving.

4. That in the event of the death after the date of distribution of any granddaughter mentioned by name in the twentieth clause of the said will, namely, Diana Elizabeth Constance Kingsmill, Marguerite Evelyn Beardmore (in said will called Marguerite Beardmore) Nadine Elizabeth Grace Beardmore, Patricia Margaret Beardmore (in said will called Patricia Beardmore) and Katherine Merry Beardmore, without leaving issue her surviving, the share or portion of which such granddaughter shall have been receiving the income shall be payable to her surviving brothers and sisters and the issue of any deceased brother or sister *per stirpes*, and that if any of said named granddaughters shall become entitled to the whole or any part of the share or portion of her deceased sister the same shall be payable absolutely and not subject to the trusts by said clause declared with reference to her own share or portion; and in the event of any such granddaughter so dying without issue leaving no surviving brother or sister or issue of any deceased brother or sister that the said late Walter Dowker Beardmore shall be deemed to have died intestate as to such share or portion and that the same shall be deemed to have vested immediately on his death in his next of kin, being the said Melinda Elizabeth Beardmore as to one-third thereof and the said Frances Constance Kingsmill, George Lissant Beardmore, Walter Williams Beardmore, Charles Owen Beardmore and Everett Clement Beardmore in equal shares as to the balance thereof.

5. That the words "my general estate" in said twentieth clause mean the residuary estate of the said late Walter Dowker Beardmore referred to in the beginning of the said clause as "the residue of my property," and that in case the sons of the said late Walter Dowker Beardmore or any of them shall leave surviving at the date of distribution no issue or no issue entitled to participate in said residue, the children or other surviving issue of the said Frances Constance Kingsmill shall be entitled to the portions which would otherwise have been payable to the children or other surviving issue of any of the said sons so leaving no issue or no issue entitled to participate as aforesaid.

6. That in the event of the death of the said Frances Constance Kingsmill without leaving issue surviving at the date of the distribution of the residuary estate of the said late Walter Dowker Beardmore referred to in said twentieth clause said residuary estate shall be divisible among the children or other issue of the sons of the said late Walter Dowker Beardmore without regard to the proviso in said clause that the amount given to the children of any one of the sons of the said late Walter Dowker Beardmore shall not exceed one-fifth of the whole residue; it being declared and agreed that said proviso was intended for the benefit of the children or

other issue of the said Frances Constance Kingsmill and that same is not applicable and is of no effect in case the said Frances Constance Kingsmill shall die without leaving issue surviving at the date of distribution.

7. That the written consent to the marriage of the said Charles Owen Beardmore and Everett Clement Beardmore of the said George Lissant Beardmore, Walter Williams Beardmore and Frances Constance Kingsmill required by said twentieth clause of said will means the written consent of such of the said George Lissant Beardmore, Walter Williams Beardmore and Frances Constance Kingsmill as at the time of the marriage of the said Charles Owen Beardmore and Everett Clement Beardmore respectively shall be alive and not under legal disability to give such consent; provided that after the death or disability of all of them the said George Lissant Beardmore, Walter Williams Beardmore and Frances Constance Kingsmill the written consent of such person or persons as shall be designated for that purpose by instrument in writing duly executed by or by the last will and testament of the last surviving or continuing of them the said George Lissant Beardmore, Walter Williams Beardmore and Frances Constance Kingsmill shall be deemed to be substituted for the written consent of them the said George Lissant Beardmore, Walter Williams Beardmore and Frances Constance Kingsmill under the said clause; and provided further that in case of failure of such designation by written instrument or last will and testament as aforesaid; or in case of the death or disability of the person or persons so designated, the written consent of the person for the time being occupying the position of official guardian *ad litem* of infants in the Province of Ontario shall be deemed to be substituted for the written consent of the said George Lissant Beardmore, Walter Williams Beardmore and Frances Constance Kingsmill as provided in the said clause.

8. That the surviving issue, if any, of any child of the said Frances Constance Kingsmill or George Lissant Beardmore and the surviving issue, if any, of any child of the said Evelyn Anna Beardmore (begotten of her marriage with the said George Lissant Beardmore) and the surviving issue, if any, of any child of the said Charles Owen Beardmore and Everett Clement Beardmore (begotten of any marriage consented to as required by the said will as defined and interpreted by these presents) born after the death of the said late Walter Dowker Beardmore and the surviving issue, if any, of any child of the said Walter Williams Beardmore whether born before or after the death of the said late Walter Dowker Beardmore who shall die at any time before the death of the last survivor of the said Melinda Elizabeth Beardmore, Frances Constance Kingsmill, George Lissant Beardmore, Walter Williams Beardmore, Charles Owen Beardmore and Everett Clement Beardmore shall be entitled to the share or portion of the respective annuities mentioned in clauses nine, thirteen, fourteen, sixteen and seventeen respectively of said will (including all increases of such annuities provided for by said will or codicil or by these presents, and including also any sums to which the said Frances Constance Kingsmill or her children or other issue shall or may become entitled under clause eighteen) which would have been payable to such deceased child if surviving of the said Frances Constance Kingsmill, George Lissant Beardmore, Evelyn Anna Beardmore, Walter Williams Beardmore, Charles Owen Beardmore and Everett Clement Beardmore respectively.

9. That all income arising from said insurance trust moneys accruing after the expiration of twenty-one years from the death of the said late Walter Dowker Beardmore is not validly disposed of either by said insurance trust instruments or by said will and that said late Walter Dowker Beardmore died intestate as to such income accruing after said date and that same vested immediately on the death of the said late Walter Dowker Beardmore in his next of kin, being the said Melinda Elizabeth Beardmore as to one-third thereof

and the said Frances Constance Kingsmill, George Lissant Beardmore, Walter Williams Beardmore, Charles Owen Beardmore and Everett Clement Beardmore in equal shares as to the balance thereof.

10. That the share or shares of said insurance moneys of any of the children of the said late Walter Dowker Beardmore who shall die without leaving issue surviving and without having exercised the power of appointment by will reserved in and by the trusts declared by said insurance trust instrument of the 7th February, 1901, are not disposed of by said insurance trust instruments or any of them but pass under the twentieth clause of the said will as part of the residuary estate of the said late Walter Dowker Beardmore.

11. That the said sum of one thousand dollars payable by the Commercial Travellers Association of Canada as aforesaid is payable to the Royal Trust Company as trustee under said insurance trust and the said Melinda Elizabeth Beardmore hereby abandons to the said Royal Trust Company all claim thereto and releases in favour of the beneficiaries under such trust all her claim to and interest in the said moneys.

12. That the sum of five thousand dollars, balance of purchase money of lands purchased for the residence of the said Frances Constance Kingsmill and all unpaid interest thereon including interest paid by the said Frances Constance Kingsmill since the death of the said late Walter Dowker Beardmore, and the balance of architect's fees of two hundred and fifty dollars payable to Howard Colton Stone, of Montreal, and the sum of five thousand dollars payable to Marion Melinda McKeand, of Toronto, professional nurse, constitute indebtedness of the said late Walter Dowker Beardmore payable out of his estate, and all parties hereto consent to the payment thereof accordingly.

As witness the hands and seals of the said parties respectively.

SCHEDULE "A."

BY-LAW NUMBER 1938.

A By-law to Aid the Campbell Flour Mills Company, Limited.

Passed the Seventh Day of February, 1916.

Whereas by By-law number 1185, of the City of Peterborough, the assessment on the lands, buildings, machinery and fixtures thereon of The Central Milling Company, Limited, used exclusively for manufacturing purposes, including the business tax, was fixed at the sum of twelve thousand dollars for a period of ten years commencing on the first day of January, 1906;

And whereas said lands and premises are described as follows, that is to say: Certain lands leased for the Canadian Pacific Railway Company in the City of Peterborough, and being composed of those parts of lots numbers one and two south of Dalhousie Street and west of George Street, occupied by The Campbell Flour Mills Company, Limited, as a site for the office, mill, elevator and storehouse of the said The Campbell Flour Mills Company, Limited;

And whereas the said by-law provided that the return and oath of the assessor or assessors thereof should be amended accordingly, but that the said lands should also be liable for a frontage and local improvement assessment, rates and taxes that might be charged against the same;

And whereas said by-law further provided that in the event of the said lands and buildings ceasing to be bona fide used for the manufacturing of flour within the said term of ten years, or if the said Company should within the said term of ten years fail or neglect to carry on the said business in said premises substantially according to the capacity thereof for a period of twelve consecutive months, then such fixed assessment should cease, and the said lands, buildings, plant, machinery and fixtures should be assessed, and the said business assessment should be fixed as provided by *The Assessment Act* then in force;

And whereas the said lands and buildings were bona fide used for the manufacturing of flour from the first day of January, 1906, until on or about the fourth day of May, 1911, by the said The Central Milling Company, Limited;

And whereas on or about the fourth day of May, 1911, the said The Central Milling Company, Limited, went into liquidation, pursuant to order of the High Court of Justice;

And whereas the liquidator of the said Central Milling Company, Limited, disposed of the rights of the said Company in the lands, buildings, plant, machinery and fixtures thereon of the said The Central Milling Company, Limited, to The Campbell Milling Company, Limited, on or about the 26th day of May, 1911;

And whereas immediately thereafter The Campbell Milling Company, Limited, went into possession of the said lands, buildings, plant, machinery and fixtures, and have remained in possession ever since;

And whereas The Campbell Milling Company, Limited, since the month of August, 1911, called The Campbell Flour Mills Company, Limited, has since said date occupied said lands and buildings for the bona fide use and purpose of the manufacturing of flour;

And whereas the said The Campbell Flour Mills Company, Limited, has not only kept employed the number of employees stipulated for by the firstly recited by-law, but has largely increased

the number of employees thereof, and has added improvements to said buildings, plant, machinery and fixtures;

And whereas since the time The Campbell Flour Mills Company, Limited, has occupied said lands and premises it has enjoyed the privileges of a fixed assessment provided in said by-law for the said The Central Milling Company, Limited, until the year 1915;

And whereas in the year 1915, doubts were raised as to the rights of The Campbell Flour Mills Company, Limited, to enjoy the said fixed assessment;

And whereas at the request of the Council of the City of Peterborough, the said The Campbell Flour Mills Company, Limited, has paid such additional taxes for the year 1915;

And whereas the said The Campbell Flour Mills Company, Limited, has requested the City of Peterborough that the said The Campbell Flour Mills Company, Limited, may be granted the same fixed assessment as was granted to The Central Milling Company, Limited, for and during the uncompleted term fixed for the said The Central Milling Company, Limited, and that the taxes for the year 1915 paid by the Campbell Flour Mills Company, Limited, in excess of what it would have been liable to pay on the basis of such fixed assessment, be repaid and refunded to the said The Campbell Flour Mills Company, Limited, by the City of Peterborough;

And whereas it is desirable and in the public interests to accede to the said request and to pass a by-law fixing the assessment of the said The Campbell Flour Mills Company, Limited, at the sum of twelve thousand dollars for that portion of the ten-year period not enjoyed by The Central Milling Company, Limited and authorizing and empowering the Council of the City of Peterborough to refund any of said moneys paid as taxes in the year 1915, which were paid by reason of the non-enjoyment of the said fixed assessment.

The Corporation of the City of Peterborough by the Council thereof enacts as follows:

1. That this by-law shall be effective upon and only upon the confirmation thereof by the Legislature of the Province of Ontario.

2. The assessment of the lands, buildings, plant, machinery and fixtures thereof of The Campbell Flour Mills Company, Limited, used exclusively for manufacturing purposes, and upon which taxes are to be levied (or have been levied), including the business assessment thereof, shall be fixed and remain fixed for the year 1915 and be deemed to have been fixed at the sum of twelve thousand dollars for and during the year 1915, except for the purpose of levying or collecting Government rates, war taxes, or assessments required to be made or paid by the Corporation to the Government of the Province of Ontario, and the return and oath of the assessor or assessors in respect thereof shall be amended accordingly, and the said The Campbell Flour Mills Company, Limited, shall be paid by the Corporation of the City of Peterborough any moneys heretofore paid during the year 1915 for taxes upon the said lands, buildings, plant, machinery and fixtures thereon of The Campbell Flour Mills Company, Limited, by reason of the assessment of the same not having been fixed and not having remained fixed at the sum of twelve thousand dollars for the year 1915, but notwithstanding anything herein contained the said lands shall be deemed at all times heretofore and during the year 1915 liable for all frontage and local improvement assessments, rates and taxes that may have been assessed against the same, and all Government rates, assessments, levies or war taxes and assessments required by law to be made or levied by the Corporation to pay to the Treasurer of the Province of Ontario.

SCHEDULE "A."

Copy of an Order-in-Council approved by His Honour the Lieutenant-Governor, the 2nd day of October, A.D. 1913.

The Committee of Council have had under consideration the annexed report of the Honourable the Minister of Lands, Forests and Mines, with reference to the application of The Greater Winnipeg Water District, comprising the following municipalities in the Province of Manitoba, that is to say:—

Winnipeg, having a population of	191,067

for permission to take water from Shoal Lake, in the District of Kenora for domestic and municipal purposes, and advise that there be granted to the said Greater Winnipeg Water District the right to enter upon and to divert and take water from the said Shoal Lake, subject to the terms, conditions and stipulations set forth and contained in the Minister's report.

Certified.

(Sgd.) J. LONSDALE CAPREOL,
Clerk, Executive Council.

To His Honour the Lieutenant-Governor in Council.

The undersigned has the honour to report that The Greater Winnipeg Water District, comprising the following municipalities in the Province of Manitoba, that is to say:—

Winnipeg, having a population of	191,067
St. Boniface, " "	9,100
Transcona, " "	1,632
Assiniboia, " "	6,000
Fort Garry, " "	3,000
St. Vital, " "	1,817
Kildonan, " "	2,075

which said district is shown on the map hereto annexed, has represented that the only available source of water supply for domestic

and municipal purposes, for use in the said district, is Shoal Lake, in the District of Kenora, in the Province of Ontario, and the said district has applied for permission to take water from the said lake for the purposes aforesaid.

The undersigned respectfully recommends that there be granted to the said The Greater Winnipeg Water District the right to enter upon and to divert and take water from Shoal Lake, in the District of Kenora, in this Province, subject to the following terms, conditions and stipulations:—

1. That full compensation be made to the Province of Ontario and also to all private parties whose lands or properties may be taken, injuriously affected or in any way interfered with, but water taken within the terms hereof, and considered merely as water, is not property to be paid for.

2. That the District shall abide by and conform to any and all rules, regulations or conditions regarding the ascertainment of the quantity of water being taken, and as to the inspection of works and premises, and the manner of carrying out the proposed works, and that the Government of Ontario may at any time see fit to make or enact in the premises.

3. That the water shall be used only for the purposes for which municipalities and residents therein ordinarily use water, and not for the generation of hydraulic or electric power, and the quantity taken shall never, at any time, exceed one hundred million gallons per day.

4. That if it should hereafter appear that the taking of said water from Shoal Lake affects the level of the Lake of the Woods at the Town of Kenora, and thereby appreciably reduces the amount of power now developed and owned by the Town of Kenora, or in any way injuriously affects the property of the said town, The Greater Winnipeg Water District shall construct such remedial works as may be necessary to prevent or remove any such injurious effects, and in the case of failure on the part of the said District to construct such works, then the said District shall pay to the Town of Kenora any damages the said town shall sustain by reason of the taking of the water as aforesaid.

5. In the event of a dispute between the Town of Kenora and The Greater Winnipeg Water District with reference to any of the matters in the preceding paragraph mentioned, the same shall be finally settled and determined by arbitration under the *Ontario Arbitration Act*.

BILL

An Act to amend The Ontario Insurance Act.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. This Act may be cited as *The Ontario Insurance Amendment Act*. Short title.

2. Subsection 5 of section 108 of *The Ontario Insurance Act* is repealed. Rev. Stat. c. 183, s. 108, (5) repealed.

3. *The Ontario Insurance Act* is amended by inserting therein the following sections:—

78a. In addition to the annual statement required to be filed by each society under section 108, each society shall triennially report to the Registrar a valuation of its certificates in force on December 31st last preceding such statement excluding those issued within the last year for which the statement is filed, in cases where the contributions for the first year in whole or in part are used for current mortality and expenses; provided the first report of valuation shall be made as of December 31st, 1917. Such report of valuation shall show, as contingent liabilities, the present mid-year value of the promised benefits provided in the constitution and laws of such society under certificates then subject to valuation; and as contingent assets, the present mid-year value of the future net contributions provided in the constitution and laws as the same are in practice actually collected. At the option of any society, in lieu of the above, the valuation may show the net value of the certificate subject to valuation as hereinbefore provided, and said net value, when computed in case of

Friendly societies to furnish triennial report relating to actuarial liabilities.

monthly contributions, may be the means of the terminal values for the end of the preceding and of the current insurance years.

By whom valuation to be prepared, method of preparation and time for filing.

Such valuation shall be certified by a competent accountant or actuary, and shall be filed with the Registrar within ninety days after the submission of the last preceding annual statement. The legal minimum standard of valuation for all certificates, except for disability benefits, shall be the Table of Mortality from which the table of rates set forth in Schedule "A" of *The Ontario Insurance Act* was deduced, or at the option of the society any higher table; or at its option, it may use a table based upon the Society's own experience of at least twenty years, and covering not less than fifty thousand lives with interest assumption not more than four per centum per annum. Each such valuation report shall set forth clearly and fully the mortality and interest basis and the method of valuation. Any society providing for disability benefits shall keep the net contributions for such benefits in a fund separate and apart from all other benefit and expense funds, and the valuation of all other business of the society, provided, that where a combined contribution table is used by a society for both death and permanent disability benefits, the valuation shall be according to tables of reliable experience and in such a case a separation of the funds shall not be required.

Financial solvency, how estimated.

The valuation herein provided for shall not be considered or regarded as a test of the financial solvency of the society, but each society shall be held to be legally solvent so long as the funds in its possession are equal to or in excess of its matured liabilities.

Distribution of report to members.

78b. Beginning with the year 1918, a report of such valuation and explanation of the facts concerning the condition of the society thereby disclosed shall be printed and mailed to each beneficiary member of the society not later than June 1st of each year in which each triennial report of valuation is made, or, in lieu thereof, such report of valuation and showing of the society's condition as thereby disclosed may be published in the society's official paper, and the issue containing the same mailed to each beneficiary member of

the society. The laws of such society shall provide that if the stated periodical contributions of the members are insufficient to pay all matured death and disability claims in full, and to provide for the creation and maintenance of the funds required by its laws, additional, increased or extra rates of contribution shall be collected from the members to meet such deficiency; and such laws may provide that upon the written application or consent of the member, his certificate may be charged with its proportion of any deficiency disclosed by valuation, with interest not exceeding five per centum per annum.

78c. If the valuation of the certificates as hereinbefore provided on December 31st, 1917, shall show that the present value of future net contributions together with the admitted assets is less than the present value of the promised benefits and accrued liabilities, such society shall thereafter at least maintain said financial condition. If at any succeeding triennial valuation such society does not maintain at least the same condition the Registrar shall direct that it thereafter adopt means to increase its assets, or, the Registrar may, in the absence of good cause shown for such failure or neglect, cancel the certificate of registry of any such society.

Any such society, shown by any triennial valuation, subsequent to December 31st, 1917, not to have maintained the condition herein required, shall within two years thereafter make such improvement as to show a percentage of deficiency not greater than as December 31st, 1917, or thereafter as to all new members admitted, be subject, so far as stated rates of contributions are concerned, to Schedule "A" of *The Ontario Insurance Act*; provided that the net mortuary or beneficiary contributions and funds of such new members shall be kept separate and apart from the other funds of the society. If such required improvement is not shown by the succeeding triennial valuation, then the said new members must be placed in a separate class and their certificates valued as an independent society in respect to contributions and funds.

78d. The Registrar, or any person he may appoint, shall have the power of visitation and examination into the affairs of any such society failing

Power of Registrar to examine affairs of society.

to comply with section 78c. He may employ assistants, for the purpose of such examination, and he, or any person he may appoint, shall have free access to all the books, papers and documents that relate to the business of such society and may summon and qualify as witness under oath and examine its officers, agents and employees or other persons in relation to the affairs, transactions and condition of such society.

Power to cancel the registry of the society.

Whenever after examination the Registrar is satisfied that any such society has failed to comply with any provisions of this Act, or is exceeding its powers, or is not carrying out its contracts in good faith, or refuses or neglects to carry out the directions of the Registrar, or is transacting business fraudulently; or whenever any such society, after the existence of one year or more, shall have a membership of less than 400, or shall determine to discontinue business, the Registrar may cancel the certificate of registry of any such society, and thereafter the said society shall be wound up under the provisions of sections 212 to 231 of this Act; provided, however, that no certificate of registry shall be cancelled by the Registrar under this section until after notice has been duly served on the chief executive officers of such society, and a reasonable opportunity given to it on a date to be named in such notice to show cause why said certificate of registry should not be cancelled.

Power of Registrar to examine affairs of foreign society.

78c. The Registrar or any person whom he may appoint may examine any foreign society transacting or applying for admission to transact business in this Province. The said Registrar may employ assistants, and he or any person he may appoint shall have free access to all the books, papers and documents that relate to the business of the society, and may summon and qualify as witness under oath and examine its officers, agents and employees and other persons in relation to the affairs, transactions and condition of the society. He may in his discretion accept in lieu of such examination the examination of the Department of Insurance of the Province where such society is organized.

Effect of society's refusal to give information.

If any such society or its officers refuse to submit to such examination or to comply with the provisions of the section relative thereto, the author-

ity of such society to write new business in this Province shall be suspended or certificate of registry refused until satisfactory evidence is furnished the Registrar relating to the condition and affairs of the society, and during such suspension the society shall not write new business in this Province.

78f. Pending, during, or after an examination or investigation of any such society, either domestic or foreign, the Registrar shall make public no financial statement, report or finding, nor shall he permit to become public any financial statement, report or finding affecting the status, standing or rights of any such society, until a copy thereof shall have been served upon such society, at its home office, or until such society shall have been afforded a reasonable opportunity to answer any such financial statement, report or finding, and to make such showing in connection therewith as it may desire.

Results of investigation to be withheld pending reply.

78g. When the Registrar on investigation is satisfied **that any foreign society** transacting business under this Act has exceeded its powers, or has failed to comply with any of the provisions of this Act, or is conducting business fraudulently, or is not carrying out its contracts in good faith, he shall notify the society of his findings, and state in writing the grounds of his dissatisfaction, and after reasonable notice require said society, on a date named, to show cause why its certificate of registry should not be revoked. If on the date named in said notice, such objections have not been removed to the satisfaction of the said Registrar, or the society does not present good and sufficient reasons why its authority to transact business in this Province should not be revoked, he may revoke the authority of the society to continue business in this Province. All decisions and findings of the Registrar made under the provisions of this section shall be subject to an appeal to the Appellate Division of the Supreme Court of Ontario.

Cancelling registry of foreign society.

78h. Sections 78a to 78f shall not apply to societies registered for the transaction of sick and funeral benefits only.
